COMMENTS:

BACHELOR OF ARTS - FRENCH

The French program is designed to cultivate fluency in the French language and understanding and appreciation of French literature and culture. The sequence of course offerings is intentionally flexible and allows students a number of options from which to choose. **All Language majors are required to complete an international experience in a country where the major language is the official language (see the Program Notes section at right for complete details).** The program culminates in the completion of a Senior project, the topic of which is selected in consultation with one's advisor. The core curriculum and free elective portions of the program enable students to pursue one or more minors in other primary areas of interest.

Sequence of course offerings will be individually designed to provide for Year Abroad Programs and the option for an International Studies minor. Initial teacher certification (7-12) is also an option. A separate curriculum design, outlining teacher certification requirements, is available in the Language Department and on the Registrar's Office web page.

Following is a suggested course sequence for your program. Courses may be offered as indicated and/or at other times. Consult your Advisor for further direction and planning.

PROGRAM NOTES:

A. **LANGUAGE PLACEMENT GUIDELINES:** Students will be placed in courses in language studies as follows:

- Placement in course #101: No previous language experience or only 1 year of high school language study
- Placement in course #102: Credit for #101 or 2 years of high school language study

- Placement in 200-level courses or above: 4+ years of high school language study

B. **COURSES IN THE MAJOR:** If student must complete courses in the major at the 100 level, up to 6 credits of the course work may be credited as Free Electives taken in the major; any additional credits completed will be over and above the minimum program requirements. Please note that course work in the major language at the 100 level does not count towards the 36 credits required in the major.

C. **INTERNATIONAL EXPERIENCE:** All majors are required to complete an international experience in a country where the major language is the official language. Options are: one long term experience (minimum of 1 semester but preferably one year); 2 short-term experiences (Intersemester and/or Summer terms), the combination of which must total a minimum of 7 weeks of experience.

Most such programs will **require** a minimum GPA of 3.0 in language courses. Foreign language students are encouraged to spend a semester or year (Junior Year) abroad. The French students attend an approved program in France or Quebec. The program is determined by offerings at the University in conjunction with courses offered at Daemen College. There is a certain amount of flexibility in the choosing of the courses. Courses taken abroad must be approved by the Foreign Language Department. Official transcripts from universities abroad must be sent **directly** by the University to the Registrar's Office at Daemen College. The program for the Senior Year is subject to what courses have been taken in the foreign university.

D. **SENIOR PROJECT:** Students complete 4 credits: FRE442 Senior Project Research and 443 Senior Project. Students take FRE442 and, in the subsequent semester, take FRE443. See p.1 for further details.

E. **SECOND LANGUAGE:**

Students must demonstrate proficiency in a second foreign language at the intermediate level by passing an approved proficiency exam. Depending upon any previous preparation in a second foreign language, a sequence of course work may be recommended. Please see above (#A) for language placement guidelines.

Students with no previous background in a second language and who plan to spend the junior year abroad should take the second language in the freshman, sophomore or senior years. **NOTE:** If a student has 4+ years of high school language (or is a native/heritage speaker) in a second language and does not wish to continue studies in a second language, the student is advised to take the first available proficiency exam or see a Foreign Language department member. **If the student wishes to continue studies in a second language and will be taking courses at the 200 level or above, the courses must carry a competency or they cannot count as credit in the core.**

F. **PREREQUISITE STUDIES:** As in all majors, all prerequisites for courses in the program must be satisfied.
