No CHAPTER 2

CHAPTER 3: Musculoskeletal System

1. Specialties/specialists
2. Terms related to bone disease
3. Terms related to chondropathies
4. Terms related to arthropathies and related disorders
5. Terms related to deforming dorsopathies and spondylopathies
6. Terms related to benign and malignant neoplasms
7. Terms related to therapeutic interventions

CHAPTER 4: Integumentary System

1. Specialties/specialists
2. Terms related to primary skin disease
3. Terms related to secondary skin lesions
4. Terms related to disorders of sweating
5. Terms related to disorders of the nails

CHAPTER 5: Gastrointestinal System

1. Specialties/specialists
2. Terms related to upper gastrointestinal complaints
3. Terms related to lower gastrointestinal complaints
4. Terms related to oral cavity disorders
5. Terms related to disorders of the esophagus
6. Terms related to disorders of the stomach

7. Terms related to intestinal disorders
8. Terms related to gastrointestinal accessory organ disorders
9. Terms related to imaging

CHAPTER 6: Urinary System

1. Specialties/specialists
2. Terms related to urinary signs
3. Terms related to urinary symptoms
4. Terms related to urinary system disorders, stones and diabetes
5. Terms related to kidney disorders
6. Terms related to bladder, ureter, and urethra disorders
7. Terms related to therapeutic interventions

CHAPTER 7: Male Reproductive System

1. Terms related to other male reproductive disorders
2. Terms related to therapeutic Interventions

CHAPTER 8: Female Reproductive System

1. Specialties/specialist
2. Terms related to disorders of the uterus
3. Terms related to the cervix
4. Terms related to the vagina and the vulva
5. Terms related to disorders of the breast
6. Terms related to menstrual disorders

CHAPTER 9: Blood, Lymphatic, and Immune Systems

1. Specialties/specialist
2. Terms related to coagulation disorders, purpura, and other hemorrhagic conditions
3. Terms related to leukocytic disorders
4. Terms related to lymphatic disorders
5. Terms related to the lymphatic and immune system interventions

CHAPTER 10: CV System

1. Specialties/specialists
2. Terms related to cardiac signs/symptoms
3. Terms related to cardiac dysthymias- only the 3 terms listed below:
 - **Arrhythmia**
 - **Flutter**
 - **Fibrillation**
4. Terms related to other cardiac conditions
5. Terms related to vascular disorders
6. Terms related to imaging- only the 2 terms listed below:
 - **Echocardiography**
 - **Electrocardiography**

CHAPTER 11: Respiratory System

1. Specialties/specialists
2. Terms related to respiratory symptoms
3. Terms related to abnormal chest sounds
4. Terms related to disorders of the upper respiratory tract
5. Terms related to disorders of the lower respiratory tract
6. Terms related to diagnostic procedures- only the 4 terms listed below:
 - **Bronchoscopy**
 - **Laryngoscopy**
 - **Spirometry**
 - **Thoracoscopy**

CHAPTER 12: Nervous System

1. Specialties/specialists
2. Terms related to signs and symptoms
3. Terms related to learning and perceptual difficulties
4. Terms related to infectious disease and inflammation
5. Terms related to paralytic conditions

CHAPTER 13: EYE

1. Specialties/specialist
2. Terms related to eyelid disorders
3. Terms related to eye muscles and orbit disorders

EAR:

1. Terms related to symptomatic disorders
2. Terms related to middle ear disorders
3. Terms related to therapeutic interventions

CHAPTER 14: Endocrine

1. Specialties/specialist
2. Terms related to signs/symptoms of endocrine disorders
3. Terms related to pituitary gland disorders: Only the 2 listed below
 - Acromegaly
 - Gigantism
4. Terms related to thyroid disorders
5. Terms related to parathyroid disorders
6. Terms related to excision

CHAPTER 15: Mental and Behavioral Health

1. Specialties/specialist
2. Terms related to general symptoms

3. Terms related to moods

NO CHAPTER 16

Please know these abbreviations and their meaning:

1. ABG- arterial blood gas
2. ACTH- adrenocorticotrophic hormone
3. ADHD- attention deficit hyperactivity disorder
4. ASD- atrial septal defect
5. BPH- benign prostatic hypertrophy
6. CAD- coronary artery disease
7. CABG- coronary artery bypass graft
8. CBC- complete blood count
9. CKD- chronic kidney disease
10. CHF- congestive heart failure
11. COPD- chronic obstructive pulmonary disease
12. CVA- cerebrovascular accident
13. CXR- chest x –ray
14. CSF- cerebrospinal fluid
15. DRE- digital rectal exam
16. DTR- deep tendon reflex
17. DVT- deep vein thrombosis
18. DM- diabetes mellitus
19. ECT- electroconvulsive therapy
20. GERD- gastro esophageal reflux disease
21. ESR- erythrocyte sedimentation rate
22. KUB- kidney, ureter, and bladder
23. HGB- hemoglobin
24. IVP- intravenous pyelography
25. MI- Myocardial Infarction
26. MVP- mitral valve prolapse
27. PFT- pulmonary function test
28. PTH- parathyroid hormone
29. PUD- peptic ulcer disease
30. PCOS- polycystic ovarian syndrome
31. PID – pelvic inflammatory disease
32. PSA- prostate specific antigen
33. PVC- premature ventricular contraction
34. RBC- red blood cell
35. TIA- transient ischemic attack
36. TSH- thyroid stimulating hormone
37. TURP- Transurethral resection of the prostate
38. VSD- ventricular septal defect

39. UTI- urinary tract infection

40. WBC- white blood cell
