Discover the history of the land, the architecture, and learn why Wright Rocks! For more information and to purchase tickets for this event, click [here](#). **Penn Dixie members: please contact us for a link to discounted tickets.**

## WNY Environmental Alliance Congress: Plan to Attend

The WNY Environmental Alliance (WNYEA) is an umbrella organization for many local environmental groups. The WNYEA Congress is our annual meeting of the membership, where we discuss current issues of the organization, determine our Action Agenda for the upcoming year, and vote on changes to the organization and Board of Directors, as needed. While we will be virtual this year, please attend and help shape the agenda. The Congress will be **Monday January 24 @ 4:30pm**. The link will be posted at <http://www.wnyea.org/>.

## Regional Invasive Species and Climate Change Management Symposium

Join the Northeast Regional Invasive Species and Climate Change (RISCC) Management network on **Wednesday January 19 and Thursday January 20** from 12:30-5:30pm virtually for their 6th annual symposium. The event will bring together natural resource managers, scientists, and the invasive species community to discuss challenges and solutions to incorporating climate change into invasive species management. This year's topics include invasive species and climate change updates, marine invasive species risks, forest carbon mitigation, floodplain restoration and networking/partnering opportunities. [Register here](#).

## NOFA-NY's 40th Annual Winter Conference

NOFA-NY's Winter Conference will be held **online from January 18-23, 2022**. The conference is one of the largest organic food and farming conferences in the nation – gathering hundreds each year to meet old friends, learn new skills, provide support, and celebrate community. Not only can you join from anywhere, the virtual conference also broadens access by offering workshop recordings, translation services, closed captioning, and more. The conference website and mobile app will remain open until March 1, 2022, meaning you'll have an entire month to enjoy all that the conference has to offer! [Register Today](#)

## WNY PRISM 2022 Crew Assistance Program Now Accepting Proposals

WNY PRISM (Partnership for Regional Invasive Species Management) is currently seeking project proposals for consideration under the 2022 WNY PRISM Crew Assistance Program. The Crew works June through September and consists of trained Invasive Species Management Assistants (3). Eligible activities fall into two primary work areas: Invasive species surveys & mapping and Invasive species removal & habitat restoration. For more information on the Crew Assistance Program including project proposal requirements, eligibility and review criteria, view the [2022 Crew Assistance Program Announcement](#). The application should be completed in one sitting to avoid losing your data, and applications are final once submitted. Incomplete applications will not be considered. All requests must be received by **5:00 pm on Friday, January 28, 2022**, to be considered for Crew assistance in 2022.

## PLANT WNY 2022 Trade Show & Education Conference

The Certified Nursery and Landscape Professionals (CNLP) and Horticulture 101 will be on Thursday and the Trade Show will be held Friday. For more info, visit [here](#).

## Birder Challenge

Buffalo Audubon and Outside Chronicles is excited to announce our [Birds on the Niagara](#) Winter Birding Challenge! Visit 13 Birding Hotspots along the Niagara River this Winter to receive a 2022 Winter Birding Challenge Patch! To make this even more exciting, Everyone who registers for this challenge before February 12th 2022 is eligible to win a Vortex Optics Diamondback HD Spotting Scope and Tripod! We will announce the winner of this awesome prize during the Birds on the Niagara Festival (February 10-12). [Registration](#) is open! Get out there and get birding!

## **Rain Barrel Painting Contest for Schools**

The Erie County Department of Environment & Planning (ECDEP) is proud to invite all schools or youth groups in Erie and Niagara counties to participate in a rain barrel painting contest with a theme focusing on stormwater pollution prevention or recycling rainwater. [Register](#) (limited rain barrels available). Photos must be submitted by **April 1, 2022**.

## **2022 Erosion and Sediment Control Workshops**

Erie County Soil and Water Conservation District and WNY Stormwater Coalition will host two DEC-Endorsed 4-hour Erosion and Sediment Control Workshops for Construction Site Contractors and Operators in Winter 2022. The virtual workshops will be **Wednesday January 12th and Thursday February 3rd, 2022**; 8:30am- 1:00pm. All contractors and subcontractors working under the NYS Department of Environmental Conservation's (NYSDEC) Permit GP-0-20-001 (SPDES General Permit for Stormwater Discharges from Construction Activity), must identify at least one Trained Contractor from their company that will be responsible for implementation of the Stormwater Pollution Prevention Plan (SWPPP), and have at least one Trained Contractor perform a daily site inspection when soil disturbance activities are being performed. Also, developers must have a Qualified Inspector conduct regular site inspections in accordance with GP-0-20-001. These events are not a workshop series; they are the same class being provided on two different days. Registration fee is \$95.00 per attendee. Attendees must pre-register. Register for a class by clicking a registration link below. Please contact Don Stribick at (716) 652-8480 x 8556 or [don.stribick@ny.nacdnet.net](mailto:don.stribick@ny.nacdnet.net) for questions. [January Registration](#) or [February Registration](#).

## **Greater Niagara Fishing & Outdoor Expo**

The Greater Niagara Fishing and Outdoor Expo will be held **February 17-20** at the Conference and Event Center Niagara Falls. This "pure" fishing show is designed by fishermen for fishermen with the simple goals of promoting and teaching fishing. With over 170 booths, containing many well-known names and leading companies of "sportfishing" related products, this is the largest freshwater fishing show in NYS and among the largest fishing shows anywhere in the Great Lakes. From walleye and bass to salmon and trout; from perch to piers, stream casters to trolling nuts; from fly fishing to youth fishing; from marine electronics to boat rigging; from fishing boats to kayak fishing - there is a little bit of everything for every type of angler and level of expertise. For more info, visit <https://niagarafishingexpo.com/>

## **Erie County Management Council 2021 State of the Environment Report**

Each year, the Erie County Management Council (ECMC) prepares an environmental report that includes recommendations for actions by the county legislators. The ECMC is an advisory council of volunteers representing municipalities or with at-large appointments. This year's report with recommendations can be viewed [here](#).

## **U.S. Department of the Interior Releases Their 5 Year Invasive Species Strategic Plan**

The Plan sets out a vision for effectively managing invasive species through collaborative conservation to protect our nation's environment; natural and cultural resources; economy and infrastructure; and public health. It both reflects ongoing work by the Interior and its partners and leverages opportunities to respond to emerging issues. Stakeholder input received at the onset of the Plan's development, and again during the formal public comment period on the draft Plan, significantly influenced the content of the Plan. You can access the Plan [HERE](#).

## **New York's Ban on Polystyrene Containers**

Effective **Jan. 1st, 2022**, no covered food service provider or store (retail or wholesale) will be allowed to sell, offer for sale, or distribute disposable food service containers that contain expanded polystyrene foam in New York state. In addition, no manufacturer or store will be allowed to sell, offer for sale, or distribute polystyrene loose fill packaging (commonly referred to as packing peanuts) in the state. Educational materials that provide information about New York State's foam ban are now available. Materials include a [flyer and rack card](#) summarizing the requirements of law and a [social media toolkit](#) with graphics.

## **Are you a Restaurant Owner or Food Service Administrator?**

How do you choose the greenest disposables? Should you choose Compostable? Biodegradable? Recycled? Recyclable? Post-Consumer Waste? Pre-Consumer Waste? So many terms and so little time. Watch the Green Restaurant Association's new video to help you make the best choices. [View Video Here](#).

## **Business Guidance Now Available to Comply with NYS Food Donation and Scraps Recycling Law**

DEC has developed guidance for businesses and institutions required to comply with the NYS Food Donation and Food Scraps Recycling Law. The guidance outlines regulations, best practices and resources when developing food waste reduction, food donation and food scraps recycling programs. Effective **Jan. 1, 2022**, businesses and institutions that generate an annual average of two or more tons of wasted food per week must donate excess edible food to the maximum extent practicable and recycle all remaining food scraps if they are located within 25 miles of an organics recycler with capacity (e.g. composting facility, anaerobic digester, etc.). For more information on the Food Donation & Food Scraps Recycling law: <https://www.dec.ny.gov/chemical/114499.html>. The guide is available [here](#).

## **DEC to Implement Ban on Glyphosate Use on State Property**

A recent amendment to the Environmental Conservation Law bans any state department, state agency, public benefit corporation or any pesticide applicator employed as a contractor or subcontractor to apply glyphosate on state property. However, there are exemptions to this ban to maintain critical infrastructure, manage roadside vegetation to ensure public safety, for the control of invasive species and pests of significant public health importance, and for research purposes. The law is effective **December 31, 2021**. This law requires the DEC to develop regulations addressing the parameters for glyphosate use by state departments, state agencies, public benefit corporations or any pesticide applicator employed as a contractor or subcontractor to apply glyphosate on state property. [More info](#).

## **2022 Online Exams for Licensed Guides Announced**

DEC [recently announced](#) that examinations are scheduled for individuals seeking to become licensed guides in New York State. The exams being offered are for guiding in the following categories: camping; fishing; hiking; hunting; whitewater; rock climbing; ice climbing; and certified skilled with boats and canoes. A guide is a person at least 18 years of age who offers services for hire, part or all of which include directing, instructing, or aiding another individual in fishing, hunting, camping, hiking, whitewater rafting/canoeing/kayaking, or rock and ice climbing. Applicants need not be a resident of New York State to receive a guide's license. To provide enhanced access to examinations for applicants, DEC is offering licensed guide examinations online in 2022. The registration deadline for exams is seven days before the examination. Instructions, registration information, an outline of exam content, and a study guide can be found on [DEC's Licensed Guide Program webpage](#).

## **Buffalo Beautification Grants**

Beautification grants for gardeners in the City of Buffalo are available through Gardens Buffalo Niagara. Awards of up to \$1,000 will be based on the overall project cost and matching funds from government, private contributions, or volunteer sweat equity. Projects can include community gardens, street-side planters, historical garden restoration, annuals for baskets—pretty much any garden-related project. [Grant applications](#) are due on or before **March 15**. Projects need to be public—seen from the street—and should be designed to bring neighbors together.

## **Household Hazardous Waste Collection**

Erie County residents have the option of using the County's "Voucher Drop-off program" which enables residents to bring up to 50lbs. of eligible hazardous waste to the Hazman facility in Tonawanda at no cost. Again, preregistration for this service is required. For more info go to [erie.gov/recycling](http://erie.gov/recycling) or Hazman directly at 998-8073 or call 76-858-6800.

### **Erie Grown Website: Connecting Farmers and Consumers**

The Erie County Office of Agriculture launched the [Erie Grown website](#) to promote local produce and encourage residents to purchase food from area farmers. The office formed with the mission to address loss of farmland and improve the agricultural economy. The website includes a site locator map and a produce finder with 145 producers. Users can search for a specific type of produce to find a location where they can make a purchase from a local grower.

### **Farmland Protection Grants Available**

The NYS Department of Agriculture is pleased to announce the availability of funds for the [Round 18 Farmland Protection Implementation Grants \(FPIG\) Program – Conservation Easement Projects](#). Applications for funding must conform to the format provided in the Grants Gateway. The intent is to fund the implementation of certain farmland protection activities intended to maintain the economic viability of the State's agricultural industry and its supporting land base and to protect the environmental and landscape preservation values associated with agriculture. Grant applications will be accepted on a continuous basis. The RFA will remain open and awards will be made until such time as available funds are fully committed, or the RFA is closed.

### **Invasive Species Documentary for New York State: Free Viewing**

*Uninvited: The Spread of Invasive Species*, a brand new documentary from Westfield Production Company and the New York State Department of Environmental Conservation is available on [DEC's YouTube channel](#). *Uninvited* is an informative documentary about the damage that invasive species are causing to New York's natural environment, communities, and economy. But it isn't all doom and gloom – the film also highlights some of the innovative ways New York State is combating these threats, including how our tail-wagging friends are helping out. *Uninvited* details the collaborative work of DEC and its partners including NYS Department of Agriculture and Markets, the eight Partnerships for Regional Invasive Species Management (PRISMs), and New York State Invasive Species Research Institute (NYISRI).

### **Pollinator Conservation Association Seeks Board Members**

The Pollinator Conservation Association is a 501c3 formed in 2016. We currently have three pollinator gardens in progress and approval for a fourth, all on public lands and accessible to the public. Find out more about us at <http://www.pollinatorconservationassociation.org/> We are seeking two new board members to help us with development, finance, and governance. If you are interested in volunteering with us, please email the president, Larry Brooks, at [larrybrooks\\_50@msn.com](mailto:larrybrooks_50@msn.com).

### **Funding for EV Charging Stations**

Through [Charge Ready NY](#), NYSERDA provides rebates of \$4,000 per charging port for Level 2 charging stations installed at public, workplace, and multi-unit dwelling parking lots. This could add up to a savings of 30% to 80%, depending on station and installation costs. An additional incentive of \$500 per port may be awarded for installations within disadvantaged communities. A searchable map of disadvantaged communities in New York State can be found on [NYSERDA's website](#). Most utilities now offer [incentives for installing charging stations](#) that can cover most of the installation costs. These incentives can be used in tandem with both the Charge Ready NY incentives and [New York State](#) and [federal](#) tax credits.

## **Make Our Enclosure a Reality so We Can Help More Wildlife**

WNY Raptor and Wildlife Care, Inc. is fundraising for a new multi-unit enclosure to house injured and orphaned wildlife. WNY Raptor and Wildlife Care, Inc. is a 501 (c)(3) non-profit dedicated to the rehabilitation of wildlife, environmental education, and research. In 2020, we cared for over 150 injured animals and need to expand our current space! Donations can be made on our website <https://wnyraptor.com/enclosure-fundraiser>. More information can be seen on our Facebook Page @wnyraptor or Instagram @wny\_raptor.

## **Erie County Climate Ambassador Program Needs You**

Help create a healthier and more resilient Erie County by becoming a Climate Action Ambassador. The Climate Action Ambassador program encourages residents to have conversations and share input on how our community can be healthy, sustainable, and resilient. Ambassadors will gain knowledge to engage with their communities on topics such as climate change, equity, renewable energy, clean transportation, and more to help develop an equity-centered climate action plan. If you are interested in becoming a Climate Action Ambassador please fill out [this sign-up form](#) to access our Climate Action Ambassador Toolkit and join discussions with others- being a Climate Action Ambassador is a flexible commitment. We ask that you try to host at least three meetings within your community to gain feedback on how Erie County can be healthy, sustainable, and resilient. These meetings can happen in any format that you deem appropriate for your community. If you have any questions reach out to the Erie County Sustainability Coordinator, [Tracy Skalski](#).

## **Alaskan Adventure with EarthSpirit Education**

Join experienced Alaskan trip leaders on our inaugural Alaskan Adventure from **May 13-22, 2022!** Spend days traveling and exploring a wide variety of unique environments from the mountains of Denali National Park to the rainforest at Valdez, the Matanuska glacier, and the shore at Seward. Spend nights in cozy cabins, sharing meals, and getting to know your fellow travelers and local haunts. The experience will be focused on providing a general ecological overview of southern Alaska and will include many wildlife viewing/photographic opportunities as well as short day hikes and other experiences in the wilderness areas. If you've never been to Alaska, or previous trips were devoid of these experiences, this trip will not disappoint! For more info, visit [here](#).

## **Nourish New York**

The Nourish New York initiative reroutes New York's surplus agricultural products to the populations who need them most through the state's food banks. The program also provides much-needed support for the food producers and farmers who have lost markets as a result of the COVID-19 pandemic because the state's food banks are buying agricultural products from New York farmers and food processors. Nourish NY food purchases have positively impacted 4,178 businesses across the state. [Learn more](#).

## **Make Cigarette Butts Part of Your Cleanups**

Littered cigarette butts: besides ugly to look at, they are hazardous to our kids, pets, wildlife and gardens. Locally, data from the Great Lakes Watershed Cleanup conducted by Ocean Conservancy indicates that more than 300,000 cigarette butts (35.3% of all items recovered) were collected from the Great Lakes in 2019. When left in the environment, littered cigarette butts leach toxic chemicals, such as arsenic (used to kill rats) and lead, that may be carried as runoff to drains and end up polluting our rivers and lakes right here in Western New York. Because cigarette butts are primarily made of plastic filters that don't biodegrade, the butts that aren't eaten by wildlife simply pile up on shorelines or at the bottom of bodies of water. To find out how you can get involved, visit <http://tobaccofreewny.com/>.

## **EPA Develops Food Stewardship Education Resources for the Faith Community**

EPA's Food Stewardship education efforts aim to engage the faith community on protecting the environment through reducing food waste. A downloadable Food Stewards toolkit, with tips on how to modify food purchases, donate, compost, and share success stories, is now available. [Learn more about these resources](#).

## **Regenerate NY Cost-Share Grants Available for Forest Landowners**

Do you own between 10 and 1,000 acres of forest land and have an interest in improving your woods? DEC's Regenerate NY program provides cost-share grants to New York landowners looking to enhance forest regeneration on their property. Landowners who want to plant trees, control competing vegetation, restore a degraded forest stand, or exclude deer are encouraged to apply for project funding. To find out more about getting funding for your forest, please [visit DEC's website](#). Applicants will need to apply through [Grants Gateway](#). Private landowners are encouraged to team up with a [cooperating forester](#) for application support. Check out the [Regenerate NY webpage](#) for info.

## **Clean Energy Communities Program for Towns**

Is your WNY town a member of the Clean Energy Communities Program? Check out the map [here](#) to see towns that are in the program and the actions that they have taken to save energy and often costs for their town. If your town isn't one of them, ask your elected official why they haven't made a commitment to cleaner energy.

## **NYSERDA Green Jobs Green New York Energy Studies**

Small businesses and not-for-profit organizations can receive an energy study to help them identify opportunities to make their buildings more energy efficient. The energy study is a valuable tool to understand how to reduce energy usage and costs in your facility, and it provides a "road map" to plan for improvements that can be made as budgets permit. It includes: a comprehensive walk through of the facility; site staff interviews; utility bill analysis; fuel neutral, unbiased evaluation of potential low-cost/no-cost and capital improvement energy efficiency upgrades; and a report that outlines potential energy and cost savings opportunities for your facility. Once the study is complete, you receive assistance in identifying potential utility incentives and low-cost financing options to help take the next steps toward implementing energy saving projects. Small businesses with 100 or fewer Full-Time Equivalent Employees (FTEs) company-wide or not-for-profit organizations of any size are eligible for the program. For more information call Michelle Wooddell at 1-888-338-0089 or email [info@NYEnergyStudy.com](mailto:info@NYEnergyStudy.com).

## **Save the Date: 64<sup>th</sup> Allegany Nature Pilgrimage**

The 64th Allegany Nature Pilgrimage is on the calendar for **June 3, 4, and 5, 2022**. The event will take place in the Red House Area of Allegany State Park. The ANP committee is hard at work with planning. The program leaders are raring to go! We hope that you will be joining us! The rental period is now open for securing a cabin or campsite at the Park for the ANP weekend. Reservations can be made up to 9 months in advance. Go to [www.reserveamerica.com](http://www.reserveamerica.com) to make your reservations. Should you need more information about this popular event, please see the website at [www.alleganynaturepilgrimage.com](http://www.alleganynaturepilgrimage.com).

## **Bike-Friendly Business Certification**

Bike Friendly New York (BFNY) is a certification program that recognizes businesses and establishments that accommodate bicycles and the people that ride them. To get certified, review requirements at [www.ptny.org/bikefriendly](http://www.ptny.org/bikefriendly), fulfill required criteria, and apply for review. Certified businesses can promote on their website and display on windows and other promotional materials.

## **Community Videos-Get Inspired**

From the outset, East Side Avenues committed to elevating the voices of the community. The best way to hear about a program is directly from participants. Enjoy the participants' stories to promote their visions and inspire others at <https://eastsideavenues.org/stories-videos/>.

## **New Invasive Species: Map Shows you What to Watch**

Making sure the lands and waters you love to hunt and fish stay healthy is one of the best ways we can support wildlife. Invasive species are plants and animals that not only harm our forests and waterways, but they can also harm New York's fish and wildlife. Hunters, anglers, and wildlife watchers like you can be a first line of defense, and there's an easy way for you to know what to look for: DEC's [#OnesToWatch interactive map](#)! Click on your region of the map to see the species DEC is tracking in your neck of the woods. Then follow the link for each species to find more detailed information, including info on how to easily report sightings.

## **Trashpresso: Mobile Plastics Recycling**

The World Design Organization named Trashpresso, designed by Miniwiz, a World Design Impact Prize Winner for 2021. It is the world's first mobile industrial-grade plastic trash upcycling platform. The Trashpresso unit is only the size of two industrial refrigerators and is designed to help with the collection, sorting and upcycling of plastic waste with a minimal air and water footprint. View designs and read [more](#).

## **Central Terminal Master Plan**

Central Terminal master plan, developed over 12 months, redefines the Buffalo Central Terminal's future as a vibrant local and regional destination supporting economic and social opportunities to the Broadway-Fillmore neighborhood, Buffalo's East Side and the City of Buffalo and Western New York. For more info, visit [https://buffalocentralterminal.org/wp-content/uploads/2021/08/2021\\_08\\_Master-Plan-Press-Release\\_V3\\_FINAL.pdf](https://buffalocentralterminal.org/wp-content/uploads/2021/08/2021_08_Master-Plan-Press-Release_V3_FINAL.pdf)

## **Buffalo Food Waste Diversion is Available Year-Round**

Buffalo has tested and is launching year-round collection of food waste in an outdoor collection bin at Elmwood Avenue and Bidwell Parkway. Food scraps will be transported by Natural Upcycling to Buffalo River Compost. Since June 2019, over 1000 people have participated in the "Scrap it" program with six summer locations available for drop-off. Acceptable materials are fruits and vegetable scraps, coffee grounds and filters, egg shells, tea bags and nuts. For more info, visit [www.buffalorecycles.org](http://www.buffalorecycles.org).

## **What Goes Where: Recycle Coach**

Erie County residents can now use an application to provide information on recycling and trash pick up for their municipality. Towns will be adding more information to the site in the upcoming weeks, but it is designed to be a one-stop site to find out how and when to recycle in your town. **Download the App or [click here](#) to learn more!**

## **NYS Birding Trail Coming to a Site Near You**

Have you heard about the new Birding Trail? DEC launched the [New York State Birding Trail](#) last month to highlight birding opportunities across the state. The trail provides information on places anyone can go to find birds in public spaces across the state. New York City is the first region to be announced, with future announcements coming soon!

## **Comprehensive Cleanup Plans Announced for Former Lackawanna Bethlehem Steel Site**

Construction on an estimated \$69 million cleanup at the former Bethlehem Steel site in Lackawanna is expected to start. The cleanup is designed to restore the former Bethlehem Steel property in a manner that is protective of human health and the environment. This sustainable restoration of the site advances DEC's goals of preserving, restoring, and connecting the natural resources and resiliency features of the Lake Erie shoreline. See [DEC's fact sheet \(PDF\)](#) for more details on the cleanup plan.

## **Focus on Forest and Wood Products as Natural Solution to Address Climate Change**

View a [recorded](#) webinar discussing how managing forests and using wood products can offer solutions to addressing climate change. Are you a landowner who is interested in managing your forest? DEC's new [Benefit Your Land with a Plan \(PDF\)](#) booklet can provide insight into the many benefits that your land can offer. The guide also gives guidance on finding a forester who can help you establish a stewardship plan for your forest. Stewardship plans are documents that guide the actions a landowner should take in order to maintain a healthy forest that can be enjoyed now and by future generations. Check out [the guide \(PDF\)](#) and other [resources for private landowners on our website](#).

## **New Continuing Education Opportunity: Nature and Human Health**

Exercise is Medicine® (EIM) partner Park Rx America, in collaboration with the USDA Forest Service, recently produced a first-of-its-kind continuing education activity on nature and human health. Designed specifically for health care practitioners, the course summarizes the evidence for nature and human health and demonstrates how to incorporate nature-based interventions into daily practice. The course is FREE for anyone to watch and provides even more reasons to help your patients be active in natural surroundings. <https://parkrxamerica.org/continuing-education/>

## **Is Your Congregation Cool?**

Across the nation, Interfaith Power & Light and our state affiliates are helping congregations take action by lowering their emissions that contribute to climate change. Has your congregation done a project to reduce its carbon footprint? If so, you can help them become a Certified Cool Congregation. [Click here to find out more.](#)

## **Lead Pipes in your House? Get a Free Water Test**

If you have determined your home has a lead service line, there are resources at your disposal. [\(If you missed our last alert on how to determine if you have a lead pipe, click here\).](#) Getting your water tested is an important next step to learn how much lead might be currently leaching from your pipes into your drinking water and the risks to your home. To receive a free lead testing kit through the mail, call (518) 402-7650 or [submit an online form to the NYS Department of Health](#). Once you receive your test results, we recommend that you inform your local water department and learn what options are available to help replace lead pipes. Check this [factsheet](#) to learn how to protect your household.

## **Guide to Talking about Climate Change with Kids**

*"Beginning the Climate Conversation: A Family's Guide"* will help you talk to your kids about the climate crisis by providing tips on how to start the conversation, deciding on age-specific information and moving the conversation from dangers to solutions. Download the free guide at [link](#).

## **Current NY Environmental Bills List**

Every week during the New York State Legislative Session, Environmental Advocates of New York reviews all of the bills introduced in legislative committees or on the floor of the State Senate and the Assembly. They then issue a memo that summarizes the legislation and describes our position on measures with significant environmental impact. If you would like to sign up for this listing, you can see the status of New York State legislation and can take action on those that are important to you. <http://eany.org/our-work/bill-ratings>

## **Help Track Spotted Lanternfly**

[Spotted lanternfly \(SLF\)](#) is an invasive pest from Asia that feeds on a variety of plants including grapes, hops, and maple trees, posing a severe threat to NY forests and agriculture. SLF has been found in several locations in NY but has not yet spread to much of the state. One potential pathway for the spread of SLF is its preferred host plant, tree of heaven (TOH), which is already found in many locations across NY. Learn more about the insect [here](#). We are seeking volunteers like you to look for SLF and TOH in your area. Visit the [NY iMapInvasives website](#) to learn about the project, and sign up for a grid square on the map to monitor.

## Hemlock Woolly Adelgid Management

Hemlock woolly adelgid (HWA, *Adelges tsugae*) is an aphidlike, soft-bodied insect, almost too small to see with the naked eye. Native to Asia, HWA was first reported in the eastern United States near Richmond, Virginia, in the 1950s. It has since spread to 20 states and two Canadian provinces. Wind, birds, deer, and humans all contribute to HWA dispersal. HWA feed on tree sap by inserting their mouthparts at the base of the needles and removing plant fluids. Their feeding causes the needles to turn gray, die, and drop from the tree. Branch dieback progresses from the lower branches to the top of the tree. A tree's tolerance to the insect's attack correlates to other stress factors, such as heat and drought. Moderate HWA populations may reduce tree health. Severe infestations may bring about premature needle drop, reduced twig growth, dieback, and tree death. [Info and resources.](#)

## Reuse Action in Action: Source for Reusable Materials

Reuse Action helps deconstruct buildings to return building materials to the supply chain. Check out the video [here](#) for their recent work. The store will also take your used furniture, cabinetry or building supplies. Don't send them to the landfill, donate them to Reuse Action. ## Are Electric Vehicles Really Greener Options?

A new [study](#) examined the life cycle greenhouse gas emissions from electric cars and combustion engine cars globally. Their analysis showed that only battery electric and hydrogen fuel cell electric vehicles have the potential to achieve the magnitude of life-cycle GHG emissions reductions needed to meet Paris Agreement goals. So yes, electric vehicles with their batteries are the greener option. The transportation sector is responsible for around 25% of greenhouse gas emissions now, with passenger cars making up the largest chunk of that.

## Resources for Buying an Electric Vehicle and Charger

Making the switch to an electric vehicle—and pairing it with an ENERGY STAR certified charger—is not only good for the planet, it could also save you \$1,400/year on fuel and car maintenance. Plus, with rebates and tax credits, you can save even more. [Learn about all the benefits today!](#)

## 21-Day Racial Equity Challenge

This [challenge](#) takes participants on a 21-day journey of learning and self-discovery that aims to develop more effective social justice habits around issues of race, power, privilege, and leadership. Community members can participate as individuals or as a part of a workplace, place of worship, professional association, or more. **Participation is free.**

## Ten Thousand Birds: At the Intersection of Art, Wildlife and Climate Change

Watch a dynamic recorded panel discussion about the role of art and music in environmental awareness featuring Audubon's Senior Director of Bird-Friendly Communities, John Rowden, and Director of Climate Science, Brooke Bateman. This event was hosted by Alarm Will Sound, a contemporary orchestra that performs multimedia art projects like "Ten Thousand Birds," a modern musical composition inspired by bird song, composed by John Luther Adams. ## Moving Forward: A Guide for Health Professionals to Build Momentum on Climate Action

Health professionals have an important role as trusted messengers to engage their patients, peers, community, and policymakers on equitable climate solutions. Climate for Health's latest guide, [Moving Forward: A Guide for Health Professionals to Build Momentum on Climate Action](#), provides you with guidance and tools to reduce energy use, to build resilient clinics and health departments, and advocate for climate solutions that prioritize health and equity.

## Biodegradable Battery Created

Scientists have created paper-thin biodegradable zinc batteries. The batteries which can power smartphones and flexible wearable electronic devices could be buried in soil after use. The Singapore-developed zinc batteries are made up of electrodes screen-printed on both sides of cellulose paper that has been reinforced with hydrogel. The battery breaks down completely in soil within a month. For more info, read [here](#).

## Farm Energy Audits

NYSERDA offers free energy audits to identify energy efficiency measures for eligible farms and on-farm producers, including but not limited to: dairies, orchards, greenhouses, vegetables, vineyards, grain dryers, and poultry/egg. In addition, greenhouse facilities can receive a free benchmarking report that describes their energy use intensity and benchmarks their facility against an anonymous aggregate of peer facilities. Farms must be customers of a New York State investor-owned utility and contribute to the System Benefits Charge (SBC). Please check your current electricity bills. Farms can request an energy audit or a greenhouse benchmark report through the [Agriculture Energy Audit Program](#). NYSERDA will assign a Flexible Technical Assistance (FlexTech) Consultant to perform an energy audit or a benchmark report. ## Understanding Your Carbon Footprint: A How-to Guide for Businesses

What is your carbon footprint? It is a measure of your climate impact. Almost every activity in your day-to-day life causes greenhouse gas emissions. These emissions can be quite obvious, like when you drive a car, or less clear, like those produced to provide a financial service. This [informative resource](#) provides a guide for businesses to better understand and develop a strategy for improving their environmental impact.

## Design a Planet from Scratch: Board Game

A new board game, Planet, allows you to see how a planet designed by us would fare in the cold vacuum of space. Players of [Planet](#) are tasked with creating their own planet to support the most organism-friendly ecosystem they can. If your planet supports the most life, you win the game, as well as the satisfaction of knowing you could put together a planet just as well as any deity or creator has. For more info on the game, read [here](#).

## Teacher's and Home-Schooling Resources

[Correo Real "Royal Mail" citizen science project for Monarchs](#). The site is in Spanish and English, for bilingual learning, and links to wonderful resources in the US and in Mexico. They also have a [Spanish only educator guide \(PDF\)](#) full of activities. Also a related [video and the activity from the Correo Real Educator guide called Hijas del Sol](#).

[Enviro-Time Storytime: Recommended Environmental Reading Lists for Children Pre K-12, 2nd Edition \(PDF\)](#) connects readers and read-aloud listeners to the Great Lakes' and global environments, highlighting diversity in the coastal sciences, books by and about Indigenous North Americans, environmental activism, sustainability, sturgeon conservation, and Great Lakes stewardship.

[OPEN SOURCE BOOK: Curriculum and Learning for Climate Action](#)- to effectively achieve Target 4.7 of the UN Sustainable Development Goals (SDGs), Universal Education for Sustainable Development (ESD), and Global Citizenship Education (GCED).

[FreshFarm Curriculum](#)- for pre-K through 5<sup>th</sup> grade. Free lessons that have been sequenced according to seasonal topics and adaptable for a range of uses from embedded programming, to supplementing classroom education, to garden-based learning.

[TREES](#)- curriculum for Teaching Reforestation Environmental Engagement and Sustainability.

[Minecraft Sustainable City](#)-free lessons on sustainable food production, water treatment, recycling, sustainable foresting, and alternative energies.

[The Connect-Kids-to-Parks Field Trip Grant Program](#) (Connect Kids)- each grant provides reimbursement of up to \$40 per student (and \$80 for Special Education students) for field trips to state and federal parks, education and nature centers, forests, historic sites, fish hatcheries and other outdoor recreation areas.

[Living in the Intertidal](#)-video on what nature can tell us about managing future waves of change and enduring the churn of uncertainty.

[Ecology Project International Teacher Fellowships](#)- professional development program that gives a diverse range of educators an opportunity to collaborate with one another on real-world conservation projects and learn EPI's methods for teaching field science. Spend 8 days connecting with other educators, developing field science skills and exploring amazing locations.

[The Anatomy, Life Cycle, and Habitat of Mosquitoes](#)-Prevent & Protect's lesson plans bring the fun in the classroom indoors! Share with your elementary, middle, or high school students about a mosquito's anatomy and life cycle, as well as crucial ways to avoid the spread of mosquito-borne illnesses.

[Teaching and Learning with Story Maps](#)-simple web apps that combine interactive maps, multimedia content, and user experiences to tell stories about the world and can be used effectively for environmental issues.

[Tree-Plenish](#) works with high school students in schools throughout the country to plant trees. The trees planted offset the paper used throughout the year in the school. Visit their website to find out how you can work with this organization to plan a tree planting event at your school and tree-plenish your paper usage!

[Sea Turtle Resources](#)- Sea turtles are a key part of marine ecosystems worldwide and they face many threats today. Celebrate Sea Turtle Week with NOAA and learn turtle facts, research features, turtle conservation programs, and more.

[Cool Science Instruments](#) - glimpse some of the technology that chemists at NOAA's Northeast Fisheries Science Center have used to investigate marine environments since the 1960s when they measured dissolved oxygen and alkalinity of seawater samples to more recent chemistry-focused research today.

[Our Beautiful Planet](#) is a series of compelling 5-7 minute science films highlighting the cutting-edge research that climate scientists are doing to solve some of the world's most pressing issues.

[Using Origami to teach about Endangered Animals](#)-Ideas for creating curriculum using origami (folder paper art).

[EcoRise's Introduction to Environmental Justice lessons](#) - foundation for students' understanding of environmental justice (EJ) history and concepts for elementary, middle, and high school students.

[The Eco-Documentary, KISS THE GROUND: FOR SCHOOLS, available](#). NSTA and KISS THE GROUND: FOR SCHOOLS have partnered to bring new, science-based lesson plans and resources to K-12 teachers nationwide. The new, classroom-ready materials build key science skills while exploring the importance of regeneration and environmental health topics.

[Greening STEM Activities, Lessons and Curricula](#)- Grade 1 through high school.

[EarthX Virtual Field Trip](#)-Focusing on solutions to environmental issues presented in the EarthX free K-12 STEAM curriculum, these short 5-10-minute videos cover a wide range of topics and come complete with an overview correlated to Next Generation Science Standards as well as the TEKS. Suitable as a stand alone resource as well.

[Outdoor Education Collective](#)-Lessons, videos, curriculum.

[Buffalo Niagara Waterkeeper School Programs](#)- programming and resources for Western New York educators. We strive to provide opportunities for youth to learn about local freshwater ecosystems, local environmental justice issues, and civic engagement skills to cultivate the next generation of environmental scientists, stewards, and advocates. There are lots of lessons and resources available for teachers that are very WNY focused.

[Energy Curriculum](#)-Free online education curriculum on energy.

[Circular Economy Activity](#)-Inspire students to reduce waste by applying a remake, reuse, and recycle model in creating an entirely new product from recycled materials.

[Build Your Own Electric Vehicle](#)-By building their own working model of an electric vehicle, students will learn about the electrification of transportation.

## Contests and Awards

[Climate Justice Fellowship](#), prioritizes workforce training investments to serve historically disadvantaged communities and priority populations, including individuals that are low income, veterans, disabled, formerly incarcerated, and residents of environmental justice communities. NYSERDA will fund approximately 150 fellowships through 2024, working with State and federal agencies, non-profits, foundations, and other partners to leverage existing resources, wrap-round services, training, and professional development opportunities. Applications Due: **January 31, 2022 by 3:00 p.m. ET**

[Verizon Forward for Good Challenge](#) encourages teams of 2-3 undergraduate or graduate level students enrolled in U.S. institutions, or CGI U alumni previously or currently enrolled in U.S. institutions, to leverage 5G and other leading-edge technology to advance equity within the U.S. in one of CGI U's five focus areas: Education, Environment and Climate Change, Peace and Human Rights, Poverty Alleviation, and Public Health. Application deadline: **January 21, 2022**.

[EMC Environmental Excellence Awards Program](#)-Started in 2015, this program recognizes exceptional projects carried out by municipal and non-profit organizations in Erie County that stand to have a significant and lasting positive impact on the natural environment. The awards program is designed to showcase and promote projects that can be replicated in communities across Erie County and beyond. Deadline is **March 1, 2022**.

## Grant and Scholarship Opportunities

[The Community Forest and Open Space Conservation Program](#) of the Forest Service offers a unique opportunity for communities to acquire and conserve forests that provide public access and recreational opportunities, protect vital water supplies and wildlife habitat, serve as demonstration sites for private forest landowners, and provide economic benefits from timber and non-timber products. Deadline: **January 10, 2022**.

[Farm to School Grant Program](#)-USDA awards grants that support planning, developing, and implementing farm to school programs. Schools and school districts, agricultural producers, and nonprofits are among those eligible to apply for a total of \$12 million in funding. Deadline: **January 10**.

[New York State Water Resources Institute \(WRI\) and DEC](#) are requesting pre-proposals for applied research, outreach, and policy analysis in support of WRI's statewide water resource research and outreach agenda, and the state's watershed action agenda goals. The primary objective of this funding opportunity is to provide research and assessment support to watershed-based management, policy, outreach, and education. Pre-proposals are requested by **January 14, 2022**.

[GLFC Fishery Research and Sea Lamprey Research Funding](#) -The Great Lakes Fishery Commission is now accepting pre-proposals. Deadline: **January 15, 2022**.

[Integrated Research on Coastal and Ocean Acidification \(OA\) and Harmful Algal Blooms \(HABs\)](#)-NOAA is soliciting proposals to address the science needs identified in the *Ocean Acidification and Harmful Algal Blooms: Defining a Research Agenda* [Report](#). Proposals should address the growing need to understand interactions between OA and HABs and their cascading impacts on US coastal and Great Lakes ecosystems, communities, and economies to inform management decisions. **Full deadline: Jan. 19**

[Fund-a-Farmer Grants from FACT Available for Livestock & Poultry Farmers](#)-Grants of up to \$3,000 are available for livestock and poultry farmers to improve and expand pasture for their animals, as well as those who are seeking or who already hold one of three animal welfare certifications. Deadline: **January 20**.

[2022 NOAA Coastal Management and Digital Coast Fellowship](#)- provide on-the-job education and training opportunities in coastal resource management and policy for postgraduate students and to provide project assistance to state coastal zone management agencies and other key NOAA partners. Two-year fellowship begins on August 1, 2022. Deadline: **January 21, 2022**.

[Urban Waters/Five Star Grant Program](#)- The Five star and Urban Waters Restoration grant seeks to develop community capacity to sustain local natural resources for future generations and focuses on improving water quality and water sheds. Green infrastructure and community tree canopy enhancement are included in this grant programs projects. For this funding round only, there is an additional \$1,000,000 available from a private funder to support urban green infrastructure that focuses on urban forests and tree planting, especially in underserved communities. Deadline: **January 25**.

[2022 NMFS-Sea Grant Fellowship in Population and Ecosystem Dynamics and Marine Resource Economics](#) Sea Grant and NMFS have partnered to train students through this joint fellowship program in two specialized areas: population and ecosystem dynamics as well as marine resource economics. Population and ecosystem dynamics involve the study of fish populations and marine ecosystems to better assess fishery stock conditions and dynamics. Deadline: **January 27, 2022**.

[Food and Agriculture Service Learning Program](#)- The program's goal is to increase the capacity for food, garden, and nutrition education within host organizations or entities, such as school cafeterias and classrooms, while fostering higher levels of community engagement between farms and school systems by bringing together stakeholders from distinct parts of the food system. Deadline: **January 31**.

[Research to Reduce Consumer Food Waste](#)- EPA, as part of its Science to Achieve Results (STAR) program, is seeking applications proposing cutting-edge transdisciplinary research (integrating diverse disciplines such as behavioral science, psychology, economics, public health, and sociology) to develop, apply, and test innovative and creative community-engaged approaches/methods to reduce household food waste through prevention (i.e., not redistribution) in the United States (U.S.) in real world settings. Applicants should propose a community-engaged research project. Deadline: **February 9, 2022**.

[Tree City USA Quick Start Grants from the NYS Urban Forestry Council](#) - Are you interested in becoming a [Tree City USA](#)? The Quick Start grant of up to \$1,000 is for communities that are not yet a Tree City USA but are working to become one starting with an inaugural tree planting celebration. Deadline: **February 10, 2022**.

[BioLEAP Classroom Grants](#) - offer financial awards of up to \$1,000 to educators and school administrators to help offset the costs of making the switch to humane dissection alternatives. Grant dollars can be used to purchase resource materials, supplies, equipment, or technology to support replacing traditional animal dissection activities with humane, non-animal solutions. Deadline: **February 18, 2022**.

[Buffalo Beautification Grants](#) for gardeners in the City of Buffalo are available through Gardens Buffalo Niagara. Awards of up to \$1,000 will be based on the overall project cost and matching funds from government, private contributions, or volunteer sweat equity. No registration needed.

### Wednesday, February 2

**Collections Live!**- 11:00 AM - 2:00 PM at Buffalo Science Museum. Have you ever wondered what goes on behind the scenes at a museum? Museums take care of 'collections' – but what does that mean? *Collections Live!* is a new initiative to turn the Museum 'inside-out'. Previously backstage activities will be taking place in public spaces – check out what goes into cataloging a collection, meet some of the staff and volunteers who've chosen this work as a career, bring your questions and we'll work together to find the answers. On the Museum's third floor. Ages: All Ages Cost: FREE with Museum admission!

**Behind-The-Scenes Collection Tour: Geology Rocks!**- 6:00 PM - 8:00 PM. Did you know the Museum houses more than 700,000 specimens and artifacts? Go behind the scenes to see what few have seen and explore the Museum's Collection. Tours are approximately two hours in length. Holmes! What kind of rock is this? Sedimentary, my dear Watson. Learn why this and other CoRn Y jokes are funny by investigating the Museum's Geology Collection. Come behind the scenes and see the rock cycle, marvel at our minerals and discover our large fossil collection. **Ages:** 18+, **Cost:** \$30 per participant, 10% off for BMS Members, *Register online or by phone at least one week in advance.* [Purchase Tickets](#)

### Thursday, February 3

**Wellness Walks**-10am to noon. Drop by Tiff Nature Preserve every Thursday and join us for a casual volunteer-led tour of the Preserve. **Ages:** All Ages, **Cost:** FREE. *Please call 716.825.6397 to confirm walk will take place.*

### Friday, February 4

**Snow Roll Buffalo**-1pm. Check schedule for location at <https://slowrollbuffalo.org/schedule/>.

**Garden Workshops: Beekeeping**-All workshops are free and open to the public. Workshops will take place at 387 Massachusetts Avenue, in MAP's Farmhouse at 2PM. [Register](#) ONLY for workshops you're able to attend, as we will have limited capacity due to public health considerations. Schedule and location subject to change depending on COVID risks and public health regulations. For all questions, please email Tim at [tim@grassrootsgardens.org](mailto:tim@grassrootsgardens.org)

## Civic Engagement and Activism:

**\*\*This section will share ways to engage and follow policy at the federal and state level. Voting is one action, but civic engagement requires us to share our views and desires with our elected officials.**

**Contact elected representatives today!** You don't have to be an energy or climate expert to make a difference. [Get their contact info](#). Then weigh in on the below! For sample emails to send to policy makers, check out Step 1 at <https://www.aashe.org/Climate-Solutions/>. Sign up for up-to-date policy alerts [here](#).

1. **Infrastructure bill implementation:** Contact your elected officials and encourage them to spend funding on needed infrastructure with climate-friendly solutions.
2. **State energy efficiency** - Check out ACEEE's [state energy efficiency scorecard](#). NY is # 5. Contact your state legislators and governor to let them know you support their efforts to make our state more energy efficient for a healthier environment and economy.
3. **On a Campus?** Universities and colleges must be ambitious when it comes to tackling the climate crisis. One of the most important steps is to commit to the Global Climate Letter – find out more [here](#).
4. **Current NY Environmental Legislation**- A listing of legislation of all environmental topics with a summary and status is available at <https://eany.org/our-work/bill-memos/> . Educate yourself and reach out to get support for the issues important to you.

## Tips for the Environment:

**Recycle the Mask**- Workplaces, schools and other organizations can help reduce the waste with disposable masks (non-woven disposable plastic-based masks including 3-ply surgical, dust masks, KN95, and N95). [Terracycle](#) sells post-paid boxes that you can use to collect masks and then return the box. The resulting recycled material is used by third parties to manufacture a variety of new products including outdoor furniture, plastic shipping pallets, outdoor decking, watering cans, storage containers, bins, tubes for construction applications, etc.

**Green your New Year's Resolutions**- Many people have been buying more things online instead of locally due to the pandemic and convenience. When possible, support local businesses-less shipping and good for the local economy. Take live trees to drop-offs for mulching or use in projects. Simplify and reduce consumption if possible. Try reusable wipe cloths and napkins instead of disposable paper towels and napkins. Reduce your food waste-purchase wisely, eat your leftovers and try to compost the scraps. Be mindful of meat consumption and its environmental footprint. Turn off devices when not needed and turn down the heat.

## Ongoing Volunteer Opportunities Available

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.
