

Paralegal Certificate – for Undergraduate Daemen Students An ABA Approved Program

What Makes It Great

- This program was approved by the American Bar Association in February 2017 (making it 1 of only 2 ABA- programs in Western New York).
- For the Daemen College student who is majoring in another topic and wants the flexibility offered by another credential.
- Currently, 100% of all Paralegal Studies students, including certificate students, are working in the legal profession or are attending Law School.
- Most classes are at night!

What distinguishes Daemen's paralegal certificate program:

- This program provides full semester courses that give students the chance to develop their skills with hands-on assignments.
- The small class size allows for individual instruction, and students have the opportunity to learn from practical experiences such as trips to courts and legal offices in downtown Buffalo, guest speakers, and internships.
- Students are taught by experienced attorneys who are experts in their field and have spent years working with paralegals.
- Students have the option of taking an internship class and as part of that class become a notary public.
- Experience service-learning by working with attorneys from not-for-profits helping immigrants and refugees from all over the world!

Margaret Phillips, JD
Director of Paralegal Studies Program

"Today's students need mentors to help them find the right job in a difficult market. With my 10 years of experience practicing law in downtown Buffalo and my eight years of law school teaching experience, I am prepared to give Daemen paralegal students as much guidance and help as they need."

Robert Altenburger
Business Major with Paralegal Certificate

"I chose to add the paralegal certificate because I always had an interest in law. The certificate gave me a greater understanding of the law and how it applies in an everyday setting. After graduation, I was able to get a job with M&T Bank working with the process improvement team. In today's world, anyone can be sued. Companies want someone who has some knowledge of the law to prevent from being sued. Having the certificate really helped me separate myself from other candidates."

did you know...

Not all certificate programs are equal! Daemen's Paralegal Certificate program is not just a series of lectures. It is 21 credits of rigorous, in-depth education and practical assignments that give you the actual skills legal employers are looking for.

*Paralegals assist attorneys in legal research, writing, and case investigation. Paralegals cannot provide legal advice to the public except as authorized by law.

- B. A grade point average (GPA) of 2.25 in all required courses.
- C. Filing of an Application for Certificate form with the Registrar's Office in the first week of the final term (Fall, Spring, or Summer) prior to program completion (Forms are available upon request from the Paralegal Studies Office or from the Registrar's Office).

Rebecca Besch

"Professor Phillips is so encouraging, and such an invaluable resource for someone like me, who was ready to find an entry level position in the legal community. She connected me with the WNY Paralegal Association, which ultimately led to my current position as a Paralegal Intern at Burden, Hafner & Hansen, LLC, in downtown Buffalo."
