

# Enviro-News

March, 2016

Sponsored by Daemen College's Center for Sustainable Communities and Civic Engagement and Global & Local Sustainability Program

## Newsletter Contents:

- Articles- including events, courses, local news, grants, positions
- Upcoming Activities
- Tips to Help the Environment; Lesley Haynes' column
- Volunteer opportunities, recycling, CSAs and farms, organization links

## Articles:

### Wind Energy

The Sierra Club Climate and Clean Energy Writers Group will meet on **Monday March 7** from 6 to 7:30 PM in the Alliance Room - 2nd floor of the Unitarian Universalist Church - 695 Elmwood at Ferry, use Garden entrance. This month's session will feature Bo Shuff from APEX Clean Energy who will discuss their proposed Lighthouse Wind Project in Somerset and Yates. Event is free and open to public. Contact [billnowa@gmail.com](mailto:billnowa@gmail.com) for info.

### DEC Announces State of Lake Ontario Meetings

The public can learn about the State of Lake Ontario fisheries at a public meeting in Niagara County scheduled for **March 3** from 6:30 p.m. - 9:00 p.m. at the Cornell Cooperative Extension Building, 4487 Lake Avenue, Lockport. Lake Ontario and its embayments and tributaries support thriving populations of fish, including a variety of trout and salmon, bass, walleye, yellow perch and panfish. The State of Lake Ontario meetings provide an excellent opportunity for individuals interested in the lake to interact with the scientists who study its fisheries. The meetings will provide ample time at the end of the scheduled program for the audience to interact with the presenters. Information about DEC's Lake Ontario fisheries assessment programs can be found [here](#).

### 2016 Conservation Tree and Shrub Seedling Program Orders

Erie County Soil and Water Conservation District is accepting orders for tree and shrub seedlings. Order deadline is **March 18**. Seedling orders are filled on a first-come, first-served basis. Pick up for orders will be April 23, 2016. A full listing of species available is on the [Erie County 2016 Order Form](#). Niagara County tree and shrub orders must be placed by March 11 with pickup either April 29 or 30. [Niagara County order form](#)

### Bowl-A-Rama FUNdraiser

The annual Bowl-a-Rama to benefit the Massachusetts Avenue Project is on **March 6** at Voelker's Bowling Alley from 2-4pm. Tickets can be purchased [HERE](#). The cost of the event is \$15 per bowler or \$50 for a team of up to 5 people. Since this is a fundraiser, the idea is that you will purchase your own ticket and then ask your friends, family and colleagues to sponsor you.

### 2<sup>nd</sup> WNY Sustainable Business Expo

The WNY Sustainable Business Roundtable will hold their Sustainable Business Expo on **March 10** at Adam's Mark Hotel from 3-7:30pm. The event will feature a **dynamic keynote speaker at 5:30 PM - Andrew Winston** – author of *The Big Pivot: Radically Practical Strategies for a Hotter, Scarcer, and More Open World*. You will also be able to talk to more than 40 vendors who have products and services to help you on your sustainability path. **Register today – it's free and the first 100 registrants get a free drink:** [www.wnysustainablebusiness.org](http://www.wnysustainablebusiness.org)

## **Buffalo Zoo FrogWatch**

FrogWatch is a citizen science program to help researchers document amphibian numbers. Individuals, groups and families have an opportunity to learn about their community wetlands while reporting data on the calls of local frogs and toads. Buffalo Zoo seeks volunteers for this program who will commit to two training sessions and report on local sites. The first training session is on **March 19** from 9am to 2pm at the Buffalo Zoo, while the second training will be conducted outdoors at a field site. Contact Maureen Pantera to register for the following sessions: [mpantera@buffalozoo.org](mailto:mpantera@buffalozoo.org) or 716-995-6132. **Deadline for registration is March 11, 2016.**

## **Wildlife Rehabilitation Course**

Develop a sense of appreciation for the importance of preserving native wildlife. Learn how to lend a helping hand to injured, orphaned, and distressed animals in your community. This course provides 8 hours of instruction from Hawk Creek's own licensed environmental educators and wildlife rehabilitators. Classes are hosted on our gorgeous fifty-two acres of land in verdant East Aurora, NY. Register early – class size is limited! Cost of \$100 includes 2 classes (a total of 8 hours) which are held **March 12 & 13, 2016** from 12pm-4pm, as well as study guides and practice exams for the state rehabilitation exam. [Register here.](#)

## **Citizen Lobbying Workshop**

The League of Women Voters is hosting a free, public workshop which will provide useful tools for effective lobbying. The event will be **Saturday, March 12** from 9:30-11:30am at the Harlem Rd. Community Center, 4255 Harlem Rd., Amherst 14226. In a short role-playing skit, League members will model the essentials. You'll get a packet of helpful materials, plus time to share ideas, make suggestions and ask questions. There'll be refreshments, too. Make reservations [online here](#) or call the League office at 986-4898 by noon Wednesday, March 9.

## **34th Annual Greater Buffalo Environmental Conference**

The Greater Buffalo Environmental Conference will be held on **March 15, 2016** at the Adam's Mark Hotel and Events Center. Join us for a full day of learning about key issues affecting our industry and networking with your colleagues. The day will consist of an opening session followed by three concurrent sessions, a session dedicated to young professionals, and conclude with a cocktail reception. Continuing education credits will be available for licensed operators and engineers. Cost is \$110 for non-members. Info at <http://www.wnywea.org/Events/2015/GBEC2016-Agenda.pdf>

## **The New York Native Plant Conservationist Award**

The New York Flora Association (NYFA) is seeking nominations for The 2016 New York Native Plant Conservationist Award. The award is meant to honor a person who has worked towards the conservation of the native flora of New York. To nominate a candidate send the following information to Anna Stalter (chair of the NYFA Native Plant Conservation Committee) at [ams15@cornell.edu](mailto:ams15@cornell.edu) : 1. Name, address, email, and phone number of nominator and nominee, 2. Why you believe this nominee deserves the award and 3. What the nominee has done to work towards the conservation of the native flora of New York. Deadline for submissions is **March 31, 2016.**

## **DEC Accepting Applications for Environmental Excellence Awards**

The New York State Department of Environmental Conservation (DEC) is now accepting applications for the 2016 Environmental Excellence Awards program, which recognizes businesses, institutions, government agencies and non-profit organizations for outstanding, innovative and sustainable projects or programs that are contributing to a healthier environment and economy. Eligible applicants include businesses (i.e., small, medium and large businesses, manufacturing, power generation, retail, agri-business, hospitality, sports, etc.); not-for-profit organizations; education, health care and recreational facilities; individuals, and local, state, federal and Indian Nation government agencies. Completed applications for the 2016 awards must be post marked no later than Friday, **April 8, 2016.** Information about the award program and the 2016 application materials are available on DEC's [website](#).

## WNY Regional Science and Engineering Fair

The WNY Regional Science and Engineering Fair is open to students in grades 5 through 12 in the 8 WNY counties who are enrolled in public or private schools, students who are home-schooled, and those involved in organizations outside of the traditional school setting. This year's event will be held on **April 30** at Cheektowaga Central High School. Online registration is due by **April 1** at <http://wnysc.org/regional-fair/instruction-for-online-registration-form/>.

## Native Landscape Symposium in Ithaca

The 8th Annual Native Landscape Symposium is scheduled for **March 4th and 5th** in Ithaca, NY. This year's theme is Regional Reality: True Stories & Models for Regional Success in the Native Plant Industry. Register online at <http://www.ithacanativelandscape.com/>

## GAP Training for Vegetable Growers

For farmers seeking Good Agricultural Practices (GAPs) certification, the Western NY Food Hub (Eden Valley Growers), CCE Harvest NY, and the Cornell Vegetable Program, are offering a 2-day GAPs Training on **March 7th and 8th** from 9:30am-4:00pm. Day 1 will focus on a third party audit for certification, and Day 2 will help you write a food safety plan needed for an audit. The workshop will take place at the Roycroft Print Shop, Dard Hunter Hall, 21 South Grove Street, East Aurora, NY 14052 (Previously named Cornell Cooperative Extension of Erie County 2nd Floor Auditorium). **To reserve your spot, please RSVP to Cheryl Thayer, 607-592-9507, [cbt32@cornell.edu](mailto:cbt32@cornell.edu) (email preferred) no later than March 3rd, 2016 by 5:00PM.** Please indicate how many people from your farm will attend (we respectfully ask for a maximum of 2). Lunch will be provided!

## Premier Geothermal Conference: Breaking New Ground in Renewable Heating & Cooling

The New York Geothermal Energy Organization (NY-GEO) presents New York's premier geothermal conference on **April 19 and 20** in Albany. Check [NY-GEO.ORG](http://NY-GEO.ORG) for more details.

## Twelfth Annual Symposium on Energy in the 21st Century

The Twelfth Annual Symposium on Energy in the 21st Century will be held on **April 8, 2016** at The Links, E. Syracuse. The event features talks, field trips and networking. Registration is \$60 before **March 11**. For info and/or registration, visit [here](#).

## Town of Amherst Economic Study

The Town of Amherst Planning Department and the Amherst Industrial Development Agency seek the services of an economic consultant to accurately characterize the current economy of the Town of Amherst, and consider its position with respect to contemporary economic development trends and those that will shape growth in the Town over the near term (5-10 years) and longer term (10-20 year) future. Copies of the RFP can be obtained via email from [khalton@amherst.ny.us](mailto:khalton@amherst.ny.us). Proposals must be submitted by 4:00PM on **Monday, March 21, 2016**.

## Formal Public Comment Period for the Buffalo Green Code

The Common Council and Mayor's Office of Strategic Planning have held a series of community meetings to discuss and collect preliminary feedback regarding the Green Code with citizens in Council Districts throughout the city. The cumulative environmental impact of adopting the Green Code, including all of its component documents, is being evaluated under one Generic Environmental Impact Statement (GEIS) in accordance with the State Environmental Quality Review Act (SEQRA). The Draft Environmental Impact Statement (DGEIS) was accepted by Common Council on February 16, 2016. The Council has determined the formal public comment period to until April 22, 2016. You can view the DGEIS at [buffalogreencode.com](http://buffalogreencode.com). Written comments may be emailed to Dinash Lal, Common Council Chief of Staff, at [dlal@city-buffalo.com](mailto:dlal@city-buffalo.com). There is also a public hearing on **March 15, 2016** at 5:30 p.m., in the City of Buffalo Common Council Chambers, 13th floor City Hall, 65 Niagara Square, Buffalo, NY 14202.

## **Buffalo Science Museum Mini Makers Faire - Creative Individuals Wanted**

The Buffalo Museum of Science is now accepting applications for creative makers of all kinds to be part of our third annual event! We are looking to showcase a diverse mix of makers, ranging from tech enthusiasts to crafters, homesteaders, scientists, garage tinkerers and inventors. The last day to submit Buffalo Mini Maker Faire '16 applications is **Monday, March 14, 2016**. There is no minimum age restriction – young makers are encouraged to apply. [\*\*APPLY NOW!\*\*](#)

### **Free Seedling Resources for Schools**

Schools across New York are eligible to receive free seedlings for spring planting through the [DEC School Seedling Program](#) which provides 50 tree seedlings or a mixed packet of 30 wildlife shrubs to any public or private school that would like to participate. The seedlings can be planted on school grounds or other community spaces, and offer teachers a great resource to enhance environmental lessons. Applications to participate are available at the DEC's School Seedling Program website, or by contacting the Saratoga Tree Nursery at (518) 581-1439. Interested schools can also contact the nearest DEC regional forestry office to request a "School Seedlings" brochure, which contains all the information necessary to place an order. Applications must be received at the nursery by **March 31, 2016**.

### **Call for Proposals - NYS Outdoor Education Association**

New York State Outdoor Education Association (NYSOEA) is now accepting workshop proposals for the 2016 Conference, "Portals to the Outdoors," happening **November 3-6, 2016**. The conference location, Watson Homestead (near Corning), offers a variety of settings for indoor and outdoor workshops, including field, forest and stream, as well as a woodworking area with Schnitzelbanks. *Workshop presenters receive a discount off their conference registration fee.* For info on topic areas and submission instructions, visit <http://nysoea.org/2016-conference/>. New this year: in keeping with the "Nature Maker" strand, on Sunday morning right after breakfast, conference attendees will have the chance to participate in a "Make and Take Fair" where you will make something to take home (and use as a potential program idea). We are looking for proposals for these sessions. Proposals for workshops and the Fair are due **March 31**. Send questions to [conferencecommittee2016@nysoea.org](mailto:conferencecommittee2016@nysoea.org).

### **2016 Community in Bloom Gardening Classes**

Cornell University Cooperative Extension of Erie County is offering its popular gardening courses. This year's course will discuss nuisance wildlife solutions, plant propagation and landscape design. Two class dates are offered: April 9 in Buffalo (register by April 1) and April 16 in East Aurora (register by April 8). Cost is \$20 and classes run 8:30am-3:15pm. Pre-registration required at <http://erie.cce.cornell.edu/resources/mg-2016-communities-in-bloom>

### **Spring Shoreline Sweep-Volunteers Needed**

Buffalo Niagara Riverkeeper's Shoreline Sweeps are the largest single-day shoreline cleanups in Western New York. Join other volunteers on **Saturday, April 23** from 10am to noon to help cleanup our area and protect our region's most valued asset — our water. Register at <http://bnriverkeeper.org/cleanup/>

### **Audubon Dinner Features Earthplay Design Speaker**

The 2016 Annual Dinner & Business Meeting of the Buffalo Audubon Society will be held on **Saturday, May 7, 2016** at Beaver Meadow Audubon Center 1610 Welch Road, North Java, NY 14113. Cash Bar will open at 4:30pm ~ Dinner at 5:30pm The cost is \$45 per person. The featured speaker is Rusty Keeler of Earthplay Design We hope that you will join us for this society tradition. Make your reservation early. Space is limited! Please call (585) 457-3228 to reserve your spot or for additional information. Over the past 20 years, Rusty Keeler has worked with hundreds of school and community leaders to create beautiful outdoor environments for children in more than 30 states and around the world. He is the author of the book, *Natural Playscapes: Creating Outdoor Play Environments for the Soul*.

## NYS Aggregated Purchase of Plug-in Hybrid Electric Vehicles

The New York State Department of Environmental Conservation is working with the Office of General Services (OGS) to organize an aggregated procurement of plug-in hybrid electric vehicles (PHEVs). This aggregated purchase will help lower purchase costs and support the reductions in emissions called for in New York State and local government climate commitments. We will likely be purchasing Chevrolet Volts. The Chevy Volt has an all-electric range of 53 miles and since it has a gasoline engine as backup, it isn't limited in how far it can go. Nearly nine out of ten trips in a Chevy Volt are fueled by electric power alone, saving money on fuel and lowering carbon dioxide emissions. The Chevy Volt can be charged using any level two (240 V) charging station. Charging stations are not included in the aggregate purchase. More information on charging station installation, potential costs, and technical assistance can be found at <http://www.nyserda.ny.gov/All-Programs/Programs/ChargeNY>. Vehicles will be purchased through the existing New York State Vehicle Marketplace. All authorized users of the marketplace may participate (including municipalities). Orders will be due to OGS by close of business on **Tuesday, May 31, 2016**. OGS will distribute an aggregate bid solicitation in early June. Vehicles are expected to be delivered in the fall of 2016. If your organization is interested in participating in this aggregate purchase opportunity, please contact Pamela Hadad-Hurst ([pamela.hadadhurst@dec.ny.gov](mailto:pamela.hadadhurst@dec.ny.gov) or 518-402-2798) for more information.

## 2016 Good Jobs, Green Jobs Conference

Registration is now open for the. This year's Conference is **June 6** in Cleveland, Ohio. Senator Sherrod Brown, a 2013 BlueGreen Champion, will be speaking. The Conference is about investing in America. Good Jobs, Green Jobs affords an opportunity to join with labor, environmental, business, and community leaders to forge the links between the economic possibilities created through protecting the environment and solving climate change. The full Conference, including the BlueGreen Champions Luncheon, is just \$199! Reserve your spot at <https://app.certain.com/profile/form/index.cfm?PKformID=0x22855686d43>

## Allegheny Nature Pilgrimage

Registration is now open for the 2016 Allegheny Nature Pilgrimage, a weekend that features nature hikes, speakers and fun for the whole family. This year's event will be **June 3, 4, and 5**. Online registration is available at [www.alleghenyaturepilgrimage.com](http://www.alleghenyaturepilgrimage.com). This year, the Saturday evening BBQ and vegetarian meals will be PRE-SALE only, deadline May 20. No meals can be purchased on the weekend of the event. There will be two excellent evening tent programs. Friday night brings Ken Keffer with "Conservation Lessons from a Vagabond Naturalist" and on Saturday evening we will welcome Robin Foster speaking on "The Hellbender: Allegheny's Living Fossil." For more details of these programs, log onto <http://www.alleghenyaturepilgrimage.com/programs.html>. Just a reminder - all participants must secure their own lodging for this event. Day passes are available as well.

## Heroic Food Sustainable Farmer Training: Full Year Immersion Program

Apply now for Heroic Food's 2016 Full Year Immersion (FYI) program, a comprehensive sustainable beginning farmer training program located in Columbia County, New York. This training is suitable for post-9/11 veterans; other Heroic Food trainings are suitable for all veterans. Extensive hands-on training and supplemental instruction. Peer housing on the Heroic Food Farm. Spouses are welcome. The program starts March 15th - apply now! For more information and to apply, visit [http://heroicfood.org/programs/fyi/fyi\\_apply/](http://heroicfood.org/programs/fyi/fyi_apply/).

## University at Buffalo's 2016 Ecosystem Restoration Summer Workshops

The University at Buffalo (UB) is offering three summer workshops on topics related to stream restoration. Workshops are scheduled for June 2016 at UB's North Campus in Buffalo, NY. Workshops offerings are: 1) Aquatic & Terrestrial Invasive Species Management (June 3); 2) Fundamentals of Stream Channel Design (June 6-7); and 3) Watershed Management Planning, Assessment, and Monitoring (June 8-9). Workshops are geared toward graduate students and environmental professionals. More info is available [here](#) and registration opens soon.

## **Buffalo Bike Share**

Need a bike to get around downtown or UB? Buffalo Bike Share has different options to provide you with easy access to a bicycle. Check out their location map at <https://buffalo.socialbicycles.com/#map>. You can sign up online at the site and book your next reservation.

## **Buffalo's School 77 to Provide Multi-use Space**

Buffalo's School 77 on Normal Avenue between Massachusetts and Rhode Island on Buffalo's West Side will be rehabilitated to allow for 32 units of affordable housing for seniors, office space for PUSH Buffalo and Peace of the City, a community center with a gym and classroom space and utilization of the auditorium by Ujima Theatre. Through a neighborhood planning process community members chose the uses and partners for space within the building.

## **Climate Smart Communities - Compact of Mayors Challenge**

The Compact of Mayors is a global coalition of mayors and city officials that have pledged to reduce greenhouse gas emissions and enhance resilience to climate change. President Obama has challenged all mayors to commit to a climate action and has set a goal of at least 100 U.S. cities signing onto the compact by the end of November. Two New York cities – New York City and Climate Smart Community Rochester – have already signed on. The Office of Climate Change encourages all Climate Smart Communities to consider joining the Compact. For more info, see <http://www.compactofmayors.org>.

## **Online Boating Safety Course Available**

An "Online Boating Safety" course now provides an option to the 8 hour classroom-based course. Anyone born after 1996 needs a boating safety certificate before operating a motorboat. Info on the course is available at <http://parks.ny.gov/recreation/boating/boating-safety-class.aspx>.

## **Food not Bombs**

Buffalo Food Not Bombs prepares shares a free vegan meal with anyone who is hungry at Lafayette Square on Mondays and Saturdays from 1 to 2 p.m. Volunteers are ALWAYS welcome! Food Not Bombs shares food as a form of political protest, drawing attention to the fact that society fails to provide food and housing for all people, while hundreds of billions of dollars are given to fund wars and state violence. For info, [foodnotbombs](http://foodnotbombs.org)

## **Local and Regional Food System Resource**

Sustainable Agriculture and Research Education (SARE) has released a four-page topic brief, "Building Local and Regional Food Systems", which provides an introduction to different facets of local and regional food systems and directs readers to resources. This topic brief is a companion to SARE's Farm to Table: Building Local and Regional Food Systems Topic Room. Topics covered in the print brief and online include business planning, marketing, distribution and aggregation, farm to school, food processing, and community development. Download [here](#).

## **Tool for Sourcing Local Meat**

A new website is available to help consumers locate local farmers who produce meats. You will be able to connect with local producers to choose the growing practices that suit your lifestyle and help support the regional economy. Visit the tool at <http://meatsuite.com/>

## **Aquarium of Niagara Special Programs**

Three different opportunities at the Aquarium of Niagara allow you to have a unique visit with interactions with marine wildlife. They offer "Meet a Seal", "Meet a Penguin" and "Behind the Scenes Tours". Age limits and advance reservations are required for these special programs. Call 716-285-3575, ext. 206 for reservations.

## **Learn to Grow Mushrooms at Camp Mushroom**

Camp Mushroom is Cornell University's annual two-day event for farmers, woodlot owners, and hobby growers who want to cultivate their own shiitake, oyster, lions mane, and stropharia mushrooms. This course, to be held **June 3 and 4** at Hidden Valley Camp in Watkins Glen, is geared for those interested in the commercial production of mushrooms. Participants will be trained in four methods of mushroom cultivation; shiitake on bolts, lions mane/oyster on totems, oysters on straw, and stropharia in woodchip beds. For more information about topics and agenda and/or to register, visit [here](#).

## **Becoming an Outdoors-Woman (BOW)-Kayaking Classes**

Becoming an Outdoors-Woman (BOW) is partnering with Seabirds International to offer women- only kayaking instructional sessions in Western NY. Sessions will be Saturdays 10am-noon on June 18, July 16 and August 27 or 5:30-7:30pm on June 22, July 20 and August 3. Cost is \$60 for two hours. Locations vary. To register or get further information: send an email to [seabird.ava@gmail.com](mailto:seabird.ava@gmail.com). Spaces are limited.

## **New Long-Term Extension of Wind and Solar Tax Credits**

The Consolidated Appropriations Act, 2016 signed into law in December, 2015 re-enacts the production tax credit (PTC) and investment tax credit (ITC) for wind energy projects and modifies and extends the 30% ITC for solar energy projects. The Act generally provides a five-year extension, with a step-down in the amount of credit available depending on when construction of a project commences. For more info, [read](#).

## **New York E-Waste Recycling Program Yields Initial Success**

The DEC's initial E-Waste Recycling Report reports that more than 318 million pounds of e-waste was collected from 2011 through 2014. The report provides an evaluation of the initial progress during 2011-2012 on implementing the New York State Electronic Equipment Recycling and Reuse Act, outlining the program's strengths and challenges, and providing recommendations for future improvements. DEC is addressing one of the more recent implementation challenges which is the collection and recycling of Cathode Ray Tube (CRT) televisions and monitors. The Department has focused initial efforts on education of manufacturers, and this year DEC will be stepping up enforcement to ensure full compliance with the goals of the Act.

As of January 1, 2015 all NYS consumers are now required to recycle electronic waste, such as computers, computer peripherals, televisions, small scale servers, and small electronic equipment and are prohibited from disposing of this waste. Under the Act, free and convenient recycling programs for all consumers of the state are required to be provided by electronic equipment manufactures. Additionally, recycling diverts e-waste from landfills and combustion facilities and conserves valuable natural resources. A copy of the NYS E-Waste Recycling & Reuse Act Implementation & Results for 2011 and 2012 report can be found on DEC's website.

## **Phosphorus Reduction Targets of 40 percent to Improve Lake Erie Water Quality**

Canada and the U.S. have adopted targets to reduce phosphorus entering affected areas of Lake Erie by 40 percent. The targets will minimize the extent of low oxygen "dead zones" in the central basin of Lake Erie; maintain algae growth at a level consistent with healthy aquatic ecosystems; and maintain algae biomass at levels that do not produce toxins that pose a threat to human or ecosystem health. Algae occur naturally in freshwater systems. They are essential to the aquatic food web and healthy ecosystems. However, too much algae, linked to high amounts of phosphorus, can lead to conditions that can harm human health and the environment. Since the 1990s, Lake Erie has seen an increase in algal growth that has compromised water quality and threatens the Lake Erie region's recreation-intensive economy. The targets were developed after extensive public input from a diversity of sectors. The 2015 harmful algal bloom in Lake Erie was recorded as the largest bloom this century.

## **EPA Releases Online Mapping Tool to Help Protect Drinking Water Sources**

The U.S. Environmental Protection Agency released the Drinking Water Mapping Application to Protect Source Waters (DWMAPS) an online mapping tool to provide the public, water system operators, state programs, and federal agencies with critical information to help them safeguard the sources of America's drinking water. DWMAPS allows users to learn about their watershed and understand more about their water supplier. DWMAPS also lets users see if sources of their drinking water are polluted and if there are possible sources of pollution that could affect their communities' water supply. DWMAPS can even guide users to ways they can get involved in protecting drinking water sources in their community. The mapping system will not display the locations of Public Water System facility intakes, but it does contain a wide variety of data useful to the protection of drinking water sources. EPA developed DWMAPS in consultation with EPA regional drinking water programs, state drinking water regulators, and public water systems. Visit [www.epa.gov/sourcewaterprotection/dwmaps](http://www.epa.gov/sourcewaterprotection/dwmaps).

## **Proposed New NYS Regulations to Prevent Contamination from Solid Waste Facilities**

Governor Andrew Cuomo has announced proposed revisions to the state's solid waste regulations to increase protections for public health, safety, natural resources and the environment. The proposed changes include measures to regulate previously unregulated facilities such as mulch processing, activities, and waste streams within the state's existing solid waste management program. The proposed revisions also streamline and reduce regulatory burdens for entities while maintaining environmental protections. The regulations will also increase oversight of construction and demolition debris and historic fill, reducing the potential threat of these waste streams to water quality and the environment on Long Island and throughout the state. To provide clarification on the appropriate use of brine, or highly concentrated salt water from oil and gas extraction, the regulations propose specific application criteria and the maximum pollutant limits for road application. While not allowed in New York now, the proposed regulations specifically prohibit the use of high-volume hydraulic fracturing brine from use in New York State. In addition, the proposed regulations will update the regulations governing the transport of waste, local solid waste planning and state grants to provide better clarity to municipalities, regulated facilities and companies, and ensure the quick dispersal of funding to promote recycling and waste reduction.

Copies of the proposed rule can be found at: <http://www.dec.ny.gov/regulations/propregulations.html>. DEC has established an extensive public comment period to solicit feedback from residents and impacted facilities, and will accept comments through **July 15, 2016**. Comments can be sent to [SolidWasteRegulations@dec.ny.gov](mailto:SolidWasteRegulations@dec.ny.gov).

## **Li-Fi Connections in the Future?**

Li-Fi, or "light fidelity", is a new wireless technology developed by the French start-up Oledcomm. The technology is 100 times faster than conventional Wi-Fi using the properties of LED lamps. The flickering frequency of the lamps is faster than the radio waves used for conventional wireless internet. Laboratory tests have found that Li-Fi can transmit information at almost unbelievable speeds, over 200 gigabytes per second. While Li-Fi signals might keep your activity more private, the light has to be visible for the signal to work so you won't be able to pass through walls to a device. It will be ideal for aircraft cabins, hospitals and other places where you want to minimize electromagnetic interference.

## **Today's Rotten Apple -Tomorrow's Battery**

Researchers at the Karlsruhe Institute of Technology in Germany have found a way to transform rotten apples into a hard carbon material for sodium-ion batteries. By drying out the fruits to create a "hard carbon" product, the team has formed an anode that shows minimal degradation after 1,000 charge and discharge cycles, making it a highly efficient alternative to lithium batteries without the hazardous compounds. Many apples are discarded annually due to bruising or other unfavorable characteristics, so this may be a useful alternative. Read more at <http://www.gizmag.com/sodium-battery-apples/41957/>

## **Vehicle Improvements for 2017**

The 2017 Chevy Bolt EV is a next-gen electric car that goes over 200 miles on a single charge, will cost under \$30,000, and could be a game changer for electric cars. Volkswagen has announced their all-electric VW van. The new BUDD-e has an estimated driving range of 373 miles on a single charge, and its battery can recharge up to 80% in 15 minutes flat. The BUDD-e concept is based VW's new Modular Electric (MEB) Platform, which is designed to accommodate electric drive components and large batteries while maintaining interior space.

## **All About Bird Anatomy: Interactive Learning**

Here's a fun way to learn about bird anatomy. Cornell's Institute of Ornithology has created Bird Academy with an interactive tool that allows you to study the anatomy of a bird and place more than 100 parts in the proper location. Start building your bird [here](#).

## **Permaculture Videos-See it in Action**

An online video series allows you to see permaculture sites and gain a better understanding of what is involved. Check it out at <http://www.openpermaculture.com/experience-permaculture-site-visits>.

## **“Nature is Speaking”**

Check out the short films in the “Nature is Speaking” series. Celebrities have narrated the beautifully filmed pieces to raise awareness about our human impact on our environment and our reliance on nature. <http://www.conservation.org/nature-is-speaking/Pages/default.aspx>.

## **Pacific Institute for Climate Solutions Offers Online Climate Courses**

Climate Insights 101 is a short course series designed to provide users with an in-depth understanding of climate science and related issues. Climate Insights 101 is produced as a series of modules, each with several animated lessons. To learn more, visit: [courses](#).

## **New Federal Toolkit Provides Guidance for Citizen Science Programs**

The recent Open Science and Innovation Forum at the White House launched the release of the Federal Crowdsourcing and Citizen Science Toolkit. The Toolkit provides guidance for federal agencies to design, carry out, and manage citizen science projects. [Learn more about the new toolkit](#).

## **Educational Talks: Home Energy Savings**

Willie A. Price is a certified N.Y.S. Minority Business Enterprise (MBE) that provides educational programming to businesses, schools and organizations. Their housing workshop: "Preparing Your Home for Winter" (The 2 Finger Approach to Energy Savings") is a hands-on introduction of energy saving techniques that can be performed by the presentation attendants. They also offer "No Dream is Impossible", a program which helps participants develop their own road map to building their self-esteem and self-awareness. The program population ranges from middle school youth to adults. For info, visit <http://www.willieapricespeaks.com/>

## **Free National Park Pass for Every 4<sup>th</sup> Grade Student**

To help engage and create our next generation of park visitors, supporters and advocates, the White House, in partnership with the Federal Land Management agencies, launched the Every Kid in a Park initiative. The immediate goal is to provide an opportunity for each and every 4th grade student across the country to experience their federal public lands and waters in person throughout the 2015-2016 school year. Beginning September 1st all kids in the fourth grade have access to their own Every Kid in a Park pass at [www.everykidinapark.gov](http://www.everykidinapark.gov). This pass provides free access to national parks, national forests, national wildlife refuges, and more! The Every Kid in a Park pass is good for the 2015-2016 school year, until August 31, 2016.

## Bird App Available

Audubon has released an updated version of the [Audubon Bird Guide app](#) and it's now free to bird lovers nationwide. With 821 species profiles and 3200-plus world-renowned bird photos, Audubon's award-winning app instantly turns any mobile device into the most trusted field guide in North America. To download the Audubon Bird Guide, go to: [www.audubon.org/apps](http://www.audubon.org/apps). The free app also provides a great new way to engage more people in becoming active participants in conservation action. [Find a toolkit](#) of resources on Audubon Works to help you share the free app with your members and supporters. The toolkit includes tips and tricks for using the app, email and social copy and images, ecards, a poster, and a captivating video.

## Recycling Refrigerators

Every wonder how a fridge would be recycled? Check out the [video](#). For a guide to appliance recycling, visit <http://www.earth911.com/recycling-guide/how-to-recycle-large-appliances/>

## Don't Miss Trailer for *A Plastic Ocean*

[Plastic Pollution Coalition](#), an Earth Island project, is a proud supporter of Plastic Oceans, a global nonprofit that seeks to change the world's attitude towards plastic within a generation. Plastic Oceans' biggest project yet has been to assemble a team of the world's top scientists and leading filmmakers to produce *A Plastic Ocean*, a powerful documentary that will play a key role in spreading the message to stop plastic pollution to the world. [Watch the trailer](#), released today, and join PPC members and friends worldwide in helping to spread the word about this important film.

## Professional Development Credits for Teachers

Earn PD Credit Hours! Complete a free webinar from the Wildlife Conservation Society. Visit <http://www.wcs.org/educators/professional-development/webinars> for more information and to register, or call 718-220-5136. PD participation certificates are available to those who participate in the live event.

## Teacher's Resources

[Cool Science Jobs](#) provides real stories about "cool" jobs using science to help inspire the next generation. They also include vocabulary and can be used as mini-lessons in the classroom.

[The Story of Climate Change](#), an interactive textbook for Grades 5-8 is available for download with iBooks on your Mac or iOS device. Students watch glaciers melt, dive into the world's coral reefs, and explore bike-share programs all from their tablet! The Story of Climate Change is the first interactive iTextbook for middle school students.

[Think It Up](#) invites public school students in grades 7-12 to develop student-powered, teacher-led, crowdfunded learning projects that address real-world problems, generate new ideas, and prepare for 21st-century challenges.

[Keep Wild Animals Wild](#) lesson plans, videos and worksheets provide everything educators need to introduce students to what makes wild animals wild, why wildlife trade is a big threat not just to animals and ecosystems, but to people too, and how to help keep wild animals wild.

[Black bear curriculum](#) - provides of free multimedia resources on black bears for educators and students.

[Climate Jam Games](#) provide fun resources for students.

[Sustainability in Schools Simulation Game](#)- The Education for Sustainability program has designed a simulation game to show how to identify sustainability related projects that make financial sense and weave them together into a coherent strategy that takes advantage of synergies. It also shows how to use those projects in curriculum.

[12 Pathways to Greening Your School](#) is designed for you to use September - June (1-10) with two serving as year-round learning tools. But, you can put them in any order that aligns with your program. If you'd like to have access to all of these Pathways please become a [FREE MEMBER NOW!](#)

[Faces of EPA](#)-Learn about careers in the EPA and get to know EPA staff. The videos spotlight employees ranging from special agents, to ocean explorers, and others as they explain their career paths and passion for their work.

[Living Schoolyard Month DIY Lake Science App](#)-Investigate freshwater ecosystems where you live with this new DIY Lake Science App from UC Berkeley's Lawrence Hall of Science, funded by the National Science Foundation.

[Project Localize](#) is a customizable curriculum for students and teachers to explore sustainability locally while building knowledge and skills in research, math science, digital technologies, and art through project-based learning. Students participate in field trips to visit local food producers as they employ journalistic practice in gathering the information for their artwork.

[Dr. Seuss's The Lorax activity book](#) is one of EPA's most highly sought after publications and is available for free to schools and classrooms around the country.

[Energy Research and Education Mapping Tool](#) is a free online mapping tool that allows users to map existing and potential energy resources in the 39 states in the eastern United States. Users can run site-suitability analyses for biomass, solar, water, wind, natural gas, geothermal, and nuclear power development, map existing energy resources and environmental characteristics that impact energy development, create a custom map of their region using an extensive database of mapping layers, and search over 2,000 related policies and incentives.

[Essential Lens: Analyzing Photographs Across the Curriculum](#) is a multidisciplinary professional development resource for middle and high school teachers about photography's role in documenting history, change and hidden worlds. Climate change, environmental issues, microbiology, earth and space science, and history are among the subjects investigated through photography.

[Raptors in the City](#) is a real-time, inquiry-based science and technology program that stars the peregrine falcon. The peregrine has recovered from near extinction and was removed from the List of Endangered Species in 1999. The online portion of Raptors in the City guides children through nesting season as they watch the still rare falcons live via cameras mounted on a skyscraper.

[Getting the Picture: Our Changing Climate](#)-The adventures of scientist-photographer James Balog and the Chasing Ice team come to life in a newly released climate science education resource which provides a unique, interactive, multimedia experience for students and educators to learn about the latest climate science and witness real-world changes occurring around the world.

[SMILE: New STEM Activities for Educators](#) is an award-winning, free access collection of nearly 4,000 STEM education activities. Many activities are grouped by topics with environmental themes including energy, climate, life sciences, and ocean literacy. Activities are also aligned with standards and principles such as the Climate Literacy Principles, Ocean Literacy Principles, and U.S. DOE Energy Literacy framework.

["Wild about Birds"](#) is focused on the science of birds, including their characteristics and adaptations, habitat needs, migration, and life cycles.

[Brazil and the Amazon - Wildlife Film Script Activity \(7-11 years\)](#): Children will be introduced to the topics of Brazil and the Amazon before using fact sheets to research and write a script for their own wildlife film about an endangered species from the Amazon.

[Technology in Environmental Education Course](#)-This eight-week (self-paced) online course is designed to get you up and running with technologies you can use immediately in your organization and environmental programs. Choose the technologies you want to learn. You can focus on mobile and non-mobile tools to enhance your education programs, or focus on social media apps for marketing your programs. Or you can focus on both!

[New Enviro App: Habitat the Game](#)-The Wildlife Conservation Society and Rainforest Alliance have created this new app for kids to save virtual endangered species and reduce their carbon footprint while on real-life missions. Designed for seven to 12 year-old players, Habitat encourages care of virtual endangered animals while they earn points by completing real-life missions, like recycling or visiting a park or zoo.

[Free ArcGIS for K-12](#) -Esri is providing free ArcGIS Online subscriptions for instructional use for all K-12 schools in the United States as part of the White House's ConnectED initiative. Resources to help schools get started with ArcGIS Online are available [here](#).

[Teaching Climate Change Using the National Climate Assessment Report](#)- Corn producers in Iowa, oyster growers in Washington state, and maple syrup producers in Vermont are all observing climate-related changes that are outside of recent experience. Decisions we need to be making to do something are highlighted [here](#)

[PlanetExplore](#)-Find outdoor activities and events in your area through this portal to the outdoors designed to inspire and enable people of all ages to become regularly active outside, and to gain a connection to nature.

The [CLEAN](#) (Climate Literacy and Energy Awareness Network) collection is a searchable database for teachers to find online activities, videos, and graphics on climate and energy education. Teachers may sign up for the newsletter with updates on educational policies, discussions with experts, events, and weekly telecons.

[Green Technology: Sustaining the Earth](#) is designed for Grades 6-12 . Use this interactive activity to offer your students an overview of innovation in green technology and insight into various areas of research within the field.

["Appetite for Adventure: Exploring Global Food Sustainability"](#)-Green Living Project is proud to announce our new school assembly program. This standards aligned, multimedia presentation will showcase cutting-edge sustainable food projects from around the world, introducing students to the local and global connections between food production, consumption, and climate change.

[Architecture 2030](#) is appropriate for Grades 9-12. Learn about this architect's efforts to protect the environment by changing the way buildings are planned, designed, and constructed.

[Affordable Green Housing](#) is designed for Grades 9-12 to consider the role habitat plays in fostering diverse, vibrant social structures in well-designed, integrated communities.

[Birds Without Borders](#) involves kids in investigations using eBird and other datasets and culminates in their devising conservation initiatives based on themes in Partners in Flight's *Saving Our Shared Birds* report. Includes two free downloadable lessons, one on the ecological role of birds and the other on conservation planning.

[Bird Sleuth](#) for K-12. Kits and resources for learning more about birds.

## Contests and Awards

[Mapping Challenge for Great Lakes High School Students](#)-An opportunity for students to practice their mapping, science, and storytelling skills by participating in the Visualize Your Water Challenge. This initiative is seeking creative and compelling visualizations of nutrient related water quality. Read the Getting Started Guide for full details on the competition and start preparing your students today. (<http://arcg.is/1m8hmK5>) Deadline is **March 5**.

[DEC Environmental Excellence Awards](#) recognize businesses, institutions, government agencies and non-profit organizations for outstanding, innovative and sustainable projects or programs that are contributing to a healthier environment and economy. DEC has scheduled a webinar on Wednesday February 24, from 10 a.m. to 11:30 a.m. to provide details about the awards program and how to submit a competitive application. Participants will also hear from previous award recipients about the benefits of receiving statewide recognition. Those interested in learning more about the awards program and how to submit a competitive application must register at <http://on.ny.gov/1VbKmMx>. Deadline: **April 8, 2016**.

[Carton 2 Garden Contest](#) -Show us your students' creativity by re-purposing milk and juice cartons from your school cafeteria to either build or enhance your school garden. Educators can engage students in a hands-on experience creating teachable moments on environmental stewardship, sustainable packaging and healthy living. The best use of cartons in a school garden gives your school the chance to win one of 14 prizes with a grand prize valued at \$5,000. **Deadline: April 13**

[2016 International Sustainable Waterfront Design Competition](#) invites all students and experienced designers, working individually or in teams of up to five, to submit their ideas for a “sustainable waterfront.” Participants will need to design a mid-rise, mixed-use complex near a water body (of the participant’s choosing) with an affordable cost budget. The conceptual drawings must be paired with a brief essay, written in English with 500 words maximum. The total prize pool is \$20,000. Late registration ends March 31, 2016 and the submission deadline is **April 30, 2016**.

[Controlling Algae and Water Quality](#)-Calling all entrepreneurs: If you have what it takes to stop the world’s growing algae menace, you could win \$10 million from Everglades Foundation of Palmetto Bay, Fla. The goal is to identify the most “cost-effective solution to remove phosphorus from water bodies”. The George Barley Water Prize launches summer 2016.

## Grant and Scholarship Opportunities

[NEA Student Achievement Grants](#) and Learning and Leadership Grants. Applications reviewed **February 1, June 1, October 15**. Public school K-12 or College/University teachers or support staff. \$2,000 for individuals or \$5,000 for groups to improve the academic achievement of students in U.S. public schools and public higher education institutions in any subject area or for professional development for educators.

[American Honda Foundation](#) supports nonprofit organizations and educational institutions nationwide that address the areas of youth and scientific education. The Foundation's primary funding priority is youth education, specifically in the areas of science, technology, engineering, mathematics, the environment, job training, and literacy. Annual application deadlines: **February 1, May 1, August 1 and November 1**.

[Organic Agriculture Research and Extension Initiative \(OREI\)](#)-USDA is accepting applications for \$17.6 million in funding to support research and outreach activities that will help growers, producers, and processors find innovative ways to improve organic agriculture. The purpose of the OREI program is to fund high-priority research, education, and extension projects that enhance the ability of producers and processors who have already adopted organic standards to grow and market high quality organic products. Deadline: **March 10, 2016**.

[Atlas Corps Fellowship](#)-Seeking Global NGO Leaders for Paid Fellowship in U.S. Atlas Corps engages leaders committed to the nonprofit sector in 6-18 month, professional fellowships at organizations to learn best practices, build organizational capacity, and return home to create a network of global leaders. This prestigious fellowship includes a living stipend to cover basic expenses (food, local transportation, and shared housing) and health insurance. All applicants must be aged 22-35 and must have 2-10 years of relevant experience in the nonprofit/social sector, a bachelor's degree or equivalent, English proficiency, commitment to return to your home country after the fellowship. Priority Deadline: **March 10**, but applications accepted year-round

[Healthy Watersheds Consortium Grant Program](#)- The Healthy Watersheds Consortium Grant Program goal is to accelerate strategic protection of healthy, freshwater ecosystems and their watersheds. This goal will be achieved by: funding key projects identified in watershed protection, source water protection, green infrastructure, or other conservation plans; building the sustainable organizational infrastructure, social support, and long-term funding commitments necessary to implement large-scale protection of healthy watersheds; and supporting innovative or catalytic projects that may accelerate or broadly advance the field of practice for watershed protection efforts. Deadline: **March 14, 2016**

[Ryan Exline Memorial Scholarship](#)- Jamestown Audubon Society offers a \$500 scholarship to an area college-bound high school senior or JCC student who intends to pursue a Bachelor’s degree in an environmental or related field. Deadline: **March 15th**.

[SARE/NACAA Sustainable Agriculture Fellowship](#) provides a training opportunity that enhances understanding of sustainable agriculture and provides broad-based, national exposure to successful and unique sustainable agriculture programs. Participating fellows are better able to create new programs that meet the needs of their local clientele. A series of seminars exposes the fellows to sustainable farming and ranching systems, with a focus on basic sustainable agriculture strategies and how they work in the field. Fellows also visit selected farms and ranches to view firsthand the sustainable agriculture principles studied in the classroom. **Deadline: March 15**

[Team Up for Healthy School Gardens Grants](#) - will award 32 grant recipients with gardening packages and funding. 31 programs will receive a grant package valued at \$500 which will include curriculum books, a \$350 Gardener's Supply gift certificate, and \$100 cash to be used to purchase soil amendments and fruit and vegetable plantings. One grand prize winner will receive a package valued at \$750 which will include curriculum books, a \$450 Gardeners Supply gift certificate and \$250 cash. New and established garden programs may apply. All programs must involve at least 15 youth participants ages 3 to 18. **Deadline: March 31**

[EPA Environmental Education Grants](#) -Under the Environmental Education Grants Program, the EPA supports environmental education projects that promote environmental awareness and stewardship and help provide people with the skills to take responsible actions to protect the environment. For this current grant cycle, EPA expects to award approximately 30 grants nationwide, each with a maximum award of \$91,000. **Deadline: April 8**

[2016 International Sustainable Waterfront Design Competition](#) invites all students and experienced designers, working individually or in teams of up to five, to submit their ideas for a "sustainable waterfront." Participants will need to design a mid-rise, mixed-use complex near a water body (of the participant's choosing) with an affordable cost budget. Late registration ends **March 31, 2016** and the submission deadline is **April 30, 2016**.

[Technical Assistance Grants \(TAG\) Available](#)-The Preservation League of New York State is offering grants of up to \$3,000 to not-for-profit arts and cultural groups and municipalities managing historic sites, museums, arts facilities and other culturally important institutions that are located in historic buildings and structures open to the public. Applications are due by **April 11, 2016**.

[Toyota Every Day Capacity Building Grants](#)- Up to \$5000 for 25 Public Lands Friends' groups in each cycle. Projects that are needed and will help contribute to the long term sustainability of the organization. **Deadlines: April 30 and October 30.**

[Wells Fargo Clean Technology and Innovation Grant Program](#) funds projects and programs related to research and development for new and emerging clean technologies by working with universities, colleges, research institutes and laboratories as well as entrepreneur incubator, accelerator and business plan competitions. Beginning in 2014, the program will operate as a closed RFP, invitation only process where Wells Fargo engages specific institutions whose work aligns with our giving criteria. If you would like to submit a topic for consideration please email a brief description (150 words or less) to: [environmental.affairs@wellsfargo.com](mailto:environmental.affairs@wellsfargo.com)

[The Karma for Cara Foundation](#) is encouraging kids 18 and under to apply for funds between \$250 and \$1,000 to complete service projects in their communities. **Deadline: Rolling.**

[VolunTEEN Nation International Service Project Grants](#)- Students (ages 13-22) from the United States going abroad to volunteer or study in a developing country are encouraged to apply for an international service-learning mini-grant from VolunTEEN Nation. Grants are for up to \$300 to create a service project in a developing country while you are visiting that country. **Deadline: Rolling.**

[KEEN Effect](#) is committed to inspiring responsible outdoor participation to help preserve the places we all play. Through the KEEN Effect, \$10,000 grants are awarded to nonprofit organizations around the world who are dedicated to responsible outdoor participation. Projects must increase responsible outdoor participation as a way to work towards building a strong community. **Deadline: Ongoing.**

[Cedar Tree Foundation](#)- Letters of Inquiry Accepted at Any Time. Areas: Environmental Education, Environmental Health, Sustainable Agriculture.

[The Fruit Tree Planting Foundation](#) is dedicated to planting fruitful trees and plants to alleviate world hunger, combat global warming, strengthen communities, and improve the surrounding air, soil, and water. FTPF programs strategically donate orchards where the harvest will best serve communities for generations, at places such as community gardens, public schools, city/state parks, low-income neighborhoods, Native American reservations, international hunger relief sites, and animal sanctuaries. **Deadline: Rolling.**

[Toshiba America Foundation](#). Rolling deadline. Grades 6-12 Teachers. Under \$5,000. Inquiry based projects designed by teachers and teacher teams for use in the classroom. Deadline for grants over \$5,000 is August 1.

[WalMart Community and Education Grants](#). Rolling Deadline, but minimum 6 month lead time advised. 501 (c) (3) organizations, schools, religious organizations and government agencies for requests over \$250. For requests under \$250, get a local donation form from your nearest Walmart at the customer service desk.

[Environmental Research and Education Foundation](#). Open. All educational materials for sustainable solid waste management, including conferences or events, which advance the foundation's educational mission. Grants are typically not provided to support the development of educational projects.

[KaBOOM! Let's Play Engineered Wood Fiber Surfacing Grants and Let's Play Maintenance Grants](#)- awards grants of \$750 each to communities who wish to top-off their Engineered Wood Fiber safety surfacing or who are working to make their existing playgrounds cleaner, safer and more inviting. Rolling deadlines.

[J-Serve Start-Up Grants](#)-J-Serve is the International Day of Jewish Youth Service. Grants are available for \$500 micro grant to communities that plan and execute projects that bring a minimum of 10 and maximum of 74 Jewish teens together in partnership with a least two movements or agencies in the community. Rolling deadline.

[World We Want Foundation](#) is accepting applications from organizations that represent youth making positive social change in their communities and around the world. Grants of up to \$5,000 will be awarded to youth between the ages of 13 and 25 who want to make a difference through a range of social action activities, including community service projects, service-learning projects, and social ventures. Application deadline: Rolling.

[The Coca-Cola Foundation](#) partners with nonprofits that address priorities focusing on one of the following: Water Stewardship, Healthy and Active Lifestyles, Community Recycling and Education. Rolling deadlines.

[Kresge Foundation's Healthy Environments grant program](#) seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Applications are currently being accepted for the Healthy Homes Initiatives, Transportation and the Built Environment Initiative and the Healthy Food Initiative. Application deadline: Rolling.

[Niagara Falls National Heritage Area](#) supports important projects and programs throughout the National Heritage Area with the long term goal of realizing community betterment. Grants are targeted to fund projects or programs that directly relate to the [Niagara Falls National Heritage Area Management Plan](#).

[Cisco Global Impact Cash Grants](#) support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of services. Take the [Eligibility Quiz](#) to see if you can apply.

[Technical Assistance Grant Information](#)-The New York State Department of Environmental Conservation (DEC) is continuously accepting applications for Technical Assistance Grants (TAGs). TAGs are a citizen participation tool available to eligible community groups to increase public awareness and understanding of remedial activities taking place in their community. Eligible community groups may apply to receive grants for up to \$50,000 per site.

## **Employment and Internship Opportunities**

[Aquarium of Niagara Internships](#)-Opportunities for high school or college students to work with marine mammals, fish, penguins and turtles. Certain requirements must be met.

[Excelsior Conservation Corps \(ECC\)](#) will be an AmeriCorps program run in partnership with the NYS Department of Environmental Conservation, the NYS Office of State Parks, Recreation, and Historic Preservation, the NYS Commission for National and Community Service, and the Student Conservation Association. There will be 50 ECC members in New York, all between ages 18 and 25. ECC members will be based at Morrisville State College and will receive training and certifications in wilderness first aid, trail construction, stone and timber construction, carpentry, risk management and emergency response, outreach, and backcountry living.

**Summer Camp Interns for Junior Botanist Camp-** Gain experience and have fun while teaching kids. Interviews begin in early April. Camp runs July-August. Contact Karen at [khammer@buffalogardens.com](mailto:khammer@buffalogardens.com).

**Boat Steward/Environmental Educator** (Park & Recreation Aide 5)- Approximately 15 positions available for seasonal appointment (May-September). Full time (40 hours/week). Work hours are Thursday- Sunday, 10 hours/day. Weekends and holidays are mandatory. Mandatory multi-day training will be held in late May. WNY locations include Cattaraugus Creek, Big Six Mile Creek, Buffalo Harbor, Fort Niagara and Wilson Tuscarora. Contact [Megan.Phillips@parks.ny.gov](mailto:Megan.Phillips@parks.ny.gov) or 518-402- 5587. Deadline: **March 4, 2016**.

**EFNEP Educator** - Cornell Cooperative Extension of Chautauqua County is seeking a nutrition educator for the Expanded Food & Nutrition Education Program to deliver nutrition education to improve healthy food and lifestyle choices among limited resource families in the Dunkirk, Fredonia, Westfield, Ripley and surrounding areas. Full time position \$12-\$15/hour. Associates degree and ability to meet travel requirements required. Experience in human services desired. Deadline: **March 7, 2016**.

**Fish Biologist**- US Fish and Wildlife Service Job Announcement Number: R5-16-1633485-JLS (D), full-time, SERIES & GRADE:GS-0482-11 in Basom NY. Deadline: **March 9**.

**WNY PRISM Crew Leader and Work Crew** - We have 3 Invasive Species Management Assistant Positions available. The Invasive Species Management Crew will work from June through August. Application deadline for these positions is **March 11**.

**New York – New Jersey Trail Summer conservations crews**-. There are several trail building crews and an invasive species management crew. Deadline-When crew is filled.

## Citizen Science

**Hemlock Woolly Adelgid Project**-Take closeup pictures of hemlock trees and fraser firs and send to scientists with GPS location data to monitor tree health and spread of the insect.

**Fun with Frogs!**-FrogWatch USA is a frog and toad monitoring program where volunteers learn the calls of local frog species, identify them by song in the field and [record their findings online](#).

**Budburst** involves citizens in recording when plant species break their buds and flower in their region.

**The Great Lakes Marsh Monitoring Program**- is designed to collect information about the presence and abundance of bird and amphibian species in Great Lakes coastal and inland marshes, to contribute to our understanding of these species and their habitat needs. MMP volunteers have a unique and rewarding opportunity to support the study and conservation of some of North America's most important - and threatened - ecosystems. For information on assisting with local efforts, please contact: David Spiering, Regional Volunteer Coordinator Ecologist at Tiff Nature Preserve (716) 896-5200 ext. 202 [dspiering@sciencebuff.org](mailto:dspiering@sciencebuff.org).

**Rusty Blackbird Spring Migration Blitz** – **March through mid-June, 2016**, RTPI Conservation & Outreach Coordinator Scott Kruitbosch is a member of the International Rusty Blackbird Working Group and the statewide Connecticut coordinator for the Rusty Blackbird Spring Migration Blitz. This effort to save the one of the fastest declining once-common landbirds in North America needs your help. You can see more about the species in this [two-page informational document about the Rusty Blackbird](#). Please report all of your Rusty Blackbird sightings to [eBird](#).

[Water Assessments by Volunteer Evaluators \(WAVE\)](#)- is a citizen-based water quality assessment developed by the NYS Department of Environmental Conservation (NYSDEC). The purpose of WAVE is to enable citizen scientists to collect biological data for assessment of water quality on wadeable streams in NY State. Samples WAVE citizen scientists collect benthic macroinvertebrates from wadeable streams. To do so, participants submit sampling locations for review and attend a four-hour training session that provides hands-on experience with the required collection methods. Sampling can be conducted any time between July 1 and September 30. The US EPA equipment loan program offers high quality equipment for bacteria and chemical monitoring. For info on borrowing equipment visit: <http://www3.epa.gov/region02/citizenscience/>.

## Get Involved in Environmental Change in WNY

The WNY Environmental Alliance (WNYEA) has working groups that welcome individuals who want to work on improving environmental issues in our area. Check out the alliance and see a list of working groups [here](#).

## Upcoming Community Activities:

### Tuesday, March 1

**“Spring Bulbs”** - The Genesee County Master Gardeners will host their 2016 Garden Talk series during the lunch hour from 12:15 - 12:45 p.m. on the first Tuesday of every month from February- November at the Cornell Cooperative Extension Office, 420 E. Main St., Batavia. There is no registration required and the admission is free. Gorgeous spring flower bulbs are seen by many gardeners as a sign of spring. Attend an informative photo gallery presentation that goes from the earliest snow drops to late spring alliums.

**CCE Cornell Vegetable Program and Lake Ontario Fruit Program Grower meeting**- 9am to 4:30pm. 4-H Training Center, located at 4487 Lake Avenue, Lockport, NY 14094. Cost is \$20 and includes lunch. To register please contact Darcy Telenko by email: [dep10@cornell.edu](mailto:dep10@cornell.edu) or phone: 716-652-5400 x1778. You can also register online at: <http://cvp.cce.cornell.edu/event.php?id=469>

### Wednesday, March 2

**Maple Primer** – 10am to noon. It’s all about the sweet tasty results! Come and learn about the whole process of making maple syrup. We’ll start with the legend the Native Americans tell and we’ll end on the sweetest, stickiest note of all – SYRUP!! If you’re a volunteer you may want to come to brushup for our Maple Harvest Festival and if you’re not just come and enjoy. Pre-registration required. Beaver Meadow Audubon Center. Donations. [www.buffaloudubon.org](http://www.buffaloudubon.org)

**Developing Buffalo in the New Millennium**- Buffalo Talks Series from 12-1pm at Buffalo Central Library with Guest Speaker: Dennis Penman – Ciminelli Real Estate Corp. Dennis will speak about the redevelopment of Buffalo, and of the new “districts” that are now emerging throughout the City. Free, but boxed lunch may be ordered. RSVP- [here](#)

**Senior Stroll**- 10:30am. Experience a leisurely guided walk through Reinstein Woods. For adults only. Reinstein Woods Nature Preserve, 93 Honorine Dr., Depew. Registration required unless otherwise noted; call (716) 683-5959.

**GBNRTC-PCC Meeting**-9:30AM at Erie County Department of Public Works (95 Franklin St, Buffalo NY). Public invited to discuss transportation issues. Locations rotate, so you can confirm at 856-2026.

**Great Lakes Action Agenda Work Group Meeting** - 1:00pm - 4:00pm, Woodlawn State Park Lodge, 3580 Lakeshore Rd, Blasdell, NY 14219. RSVP to [greatlakes@dec.ny.gov](mailto:greatlakes@dec.ny.gov). Join us to help us select critical actions within the draft sub basin work plans for focused collaboration and implementation, and for a presentation by Natural Heritage Program on a new riparian restoration and protection planning tool created especially for New York's Great Lakes basin.

### Thursday, March 3

**After School Escape-** 4:30-5:30 p.m. at Reinstein Woods Nature Preserve. Kids and their parents or caregivers together can enjoy a different, fun, hour-long outdoor activity each week. For kids in grades K through 5. No registration required. Info at 716-683-5959.

**Wellness Walk at Tiff Nature Preserve-**10:00am - 12:00pm. Enjoy the fresh air and the sights and sounds of the season with a healthy, guided outdoor walk on our trails! Please call 716.825.6397 to confirm walk will be taking place. \$2 donation per person appreciated.

**State of Lake Ontario Fisheries Meeting-**The public will have the opportunity to interact with the scientists who study its fisheries. The Niagara County meeting is scheduled from 6:30 p.m. - 9:00 p.m. at the Cornell Cooperative Extension Building, 4487 Lake Avenue, Lockport, Niagara County. The meeting is co-hosted by Niagara County Cooperative Extension and the Niagara County Sportfishery Development Board. The meetings will provide ample time at the end of the scheduled program for the audience to interact with the presenters. Information about DEC's Lake Ontario fisheries assessment programs can be found at <http://www.dec.ny.gov/outdoor/27068.html>.

**“Potting Up Plants – Plants Need Pots”** – Orchard Park Garden Club meeting with refreshments at noon and the program at 12:30 p.m. at the Orchard Park Presbyterian Church, 4369 S. Buffalo St., Orchard Park. Sue Suchak, Accredited National Garden Club Flower Show Judge, and Wendy Zebehazy, experienced horticulturist, both Orchard Park Garden Club members, will demonstrate the correct potting procedure to make your plants happy, healthy and hardy.

**“Dreissenid Mussel Population Trajectories and Patterns in Mussel Growth and Condition”-12:15 p.m. to 1:30 p.m.** | Technology Building 160 at SUNY Buffalo State College. Presentation by Ashley Baldrige, Ph.D., National Oceanic and Atmospheric Administration (NOAA) Great Lakes Environmental Research Laboratory. The NOAA Great Lakes Environmental Research Laboratory has annual survey data in southern Lake Michigan that details the population dynamics of both zebra and quagga mussels from the very beginning of their initial, rapid expansions. I will present updated survey data, which reveals depth-specific population trajectories. Examining length-weight relationships for mussels from different depth zones and lake regions provides some insights into the observed population patterns. She will also present some preliminary findings from an ongoing field experiment designed to produce more realistic long-term estimates of quagga mussel growth at greater depths.

**Great Decisions: Brazil's Metamorphosis-**10am to noon at LWVBN League Office, 1272 Delaware, Avenue, Buffalo 14209. Bernice Baeumler will lead this topic: Brazil is the 'B' in the acronym BRICS - five emerging economies once seen as soon-to-be superpowers. After economic troubles in the 1990s Brazil has risen to new global prominence - it's drawing in more investment, working on global issues ranging from climate change to peacekeeping, and even hosting the 2016 Olympics. But some of Brazil's trickiest problems - deep divisions over how to tackle serious income inequality, weak civic institutions and poor regional leadership - have held it back.  
More about [Great Decisions](#).

**WNY Drilling Defense Meeting-** 6 PM, Crane Library at 633 Elmwood Ave Buffalo. All are welcome. We'll talk mostly about bomb trains.

### Friday, March 4

**"The Effects of Climate Change on Mosquito-borne Diseases"-1-2 pm** at 180 Farber Hall, UB South. Talk by William Lainhart, MS, PhD, Postdoctoral Research Fellow, Wadsworth Center. ### **Saturday, April 2**

**The Buffalo Geological Society Gem Mineral and Fossil Show**-Hamburg Fairgrounds. Demonstrations, mini mine, crystal jewelry, rock crystals, fossils, beads, gold panning, flint knapping, sand in bottle making for kids and something for everyone. Free parking. Adults are \$5 and children 12 and under are free as well as scouts in uniform. A two-day pass is \$7. Held in the Market and Grange Building.

<http://bgsny.org/buffalo-geological-society-show-2016/>

**WNY Hosta Society Monthly Breakfast**- 10 a.m. at the Forestview Restaurant, 4781 Transit Rd., Depew. You must register so that they can tell the restaurant how many people to expect. Register before 5 p.m. the day before the breakfast at 941-6167 or [H8staman@aol.com](mailto:H8staman@aol.com). People are asked to bring something that they can pass around and talk about. It can be a plant, a seedling, a catalog, a magazine, a book, a favorite garden tool, a new deer repellent or anything to get folks talking.

**Sugar Shanty Open to Public**- 10am – 2pm at Beaver Meadow Audubon Center, 1610 Welch Rd, Java Center, NY 14082. See our sugar shanty in action as we turn maple sap into sweet syrup.

**Nature at Twilight – Sundown Wildlife**-6:00pm – 7:30pm at Beaver Meadow Audubon Center, 1610 Welch Rd, Java Center, NY 14082. Come on a quiet walk with Naturalist Mark Carra to explore the world between day and night. The crepuscular creatures find safety in the dim light of dusk living and foraging in the shadows. Stay around afterward with the Buffalo Astronomical Association to marvel at the night sky if you wish. Dress for the weather. Pre-registration is required. Please call 585-457-3228 to register. \$5

**Observatory at Beaver Meadow**-7:30pm – 10:00pm at Beaver Meadow Audubon Center, 1610 Welch Rd, Java Center, NY 14082. At sunset. The Buffalo Astronomical Association will take visitors on a guided tour of the night sky. Open rain or shine. Visitors are invited to bring their own equipment. Donations gratefully accepted.

**Green Code Public Hearing**- Details TBA .

## **Tips for the Environment:**

- 1. House Health and Safety Evaluation**-NYSERDA's Energy Audit for homeowners will check your home for opportunities for energy-efficiency and identify any carbon monoxide sources. These audits are free or low cost for homeowners (depending on income). For an application, visit <http://www.nyserda.ny.gov/All-Programs/Programs/Home-Performance-With-ENERGY-STAR>.
  - 2. Reuse and recycle your Tips for the Environment**-we are probably all using CFL bulbs, recycling regularly and engaging in lots of earth-friendly behaviors. If you have tips to share, please send them to me to include. I will be updating the archived list on our new website.
-

## **March's Contribution by Lesley Haynes: Remember the 4 R's: Reduce, Reuse, Recycle, Repair**

Water is essential to life. We need water to grow food, keep clean, provide power, control fire, and even more important, we need it to stay alive. 70% of the Earth's surface is composed of water and less than 1% is available for human use.

In 1993, because of the increase in demand for water access, allocation and services, the United Nations General Assembly designated March 22nd as the first World Water Day. Since then, an International World Water Day is held annually on that date as a means of focusing attention on the importance of freshwater and advocating for the sustainable management of freshwater resources.

I have mentioned most of these suggestions before but here is a reminder of things that you and your family can do to conserve water in your home:

1. Check faucets and pipes for leaks - A small drip from a worn faucet washer can waste 20 gallons of water per day. Larger leaks can waste hundreds of gallons.
2. Insulate your water pipes - Cover the pipes with pre-slit foam pipe insulation. It is easy and inexpensive and you will get hot water faster and avoid wasting water while it heats up.
3. Use your water meter to check for hidden water leaks - Read the house water meter before and after a two-hour period when no water is being used. If the meter does not read exactly the same, there is a leak.
4. In the bathroom, check your toilets for leaks. Put a little food coloring in your toilet tank. If, without flushing, the color begins to appear in the bowl within 30 minutes, you have a leak that should be repaired immediately. Most replacement parts are inexpensive and easy to install. This small change can save 400 - 600 gallons of water in a month.
5. Install inexpensive water-saving, low-flow shower heads and low-flow faucet aerators. They are easy to connect and could save 4,550 gallons of water over a year's time.
6. Spend less time in the shower - A six -minute shower uses approximately 30 to 60 gallons of water.
7. Turn off the water after you wet your toothbrush. Teach your children to do the same; there is no need to keep the water running while brushing your teeth. This small action can save 2,800 gallons annually.
8. With clothes washers, avoid the permanent press cycle, which uses an added 5 gallons of water for the extra rinse. If you are planning to purchase a new machine consider buying a water saving frontload washer.
9. When washing dishes by hand, don't leave the water running for rinsing. If using a dishwasher there is usually no need to pre-rinse the dishes.
10. Reduce water consumption around your house to save money and conserve this precious, non-renewable resource.

Parents, please take the time to teach your children about World Water Day and some of these simple water-saving methods around the home which can make a big difference.

You may want to check the quality of the water that is coming out of your faucets. Home Depot and Sears have a Water Test Kit that is free – you take a water sample from your home faucet and mail it back to them - they will let you know if your water has lead or other contaminants in the water.

Remember– “Together we can make a difference.” [lesleyhaynes14@yahoo.com](mailto:lesleyhaynes14@yahoo.com)

## **GROW WNY: Local Website for Everything Environmental**

GrowWNY (<http://growwny.org>) is a new hyper-local source of information about living green in Western New York. To showcase your local events or advertise a future event, be sure to submit to their online calendar.

### **Ongoing Volunteer Opportunities Available**

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.

**Aquarium of Niagara-** Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

**AWARE** (Association for Wild Animal Rehabilitation and Education) - Volunteers needed for fundraising, grant writing, capturing and transporting animals to us or the veterinarians, public relations, construction of cages, begging for donations of materials and food (for the animals, not us) and for helping at our educational programs.

**Buffalo Audubon-** Volunteers wanted for Beaver Meadow Audubon Center, and For the Birds Niagara! Help with tour leading, office work, programming, grounds keeping and general maintenance. Every Wednesday 10am-2pm is Volunteer Day at Beaver Meadow. No need to register, but bring a lunch. Call (800) 377-1520 for details.

**Buffalo Carshare-** This new non-profit has brought car-sharing to Buffalo. Volunteers are needed for office help and promotion. Contact them at <http://www.buffalocarshare.org/volunteer.html>.

**Buffalo Central Terminal-** Many different opportunities for people interested in helping to preserve this unique building- people with basic carpentry and repair skills, and those with plumbing or electrical skills, to work inside the building, as well as those interested in staffing events, assisting with fundraising, marketing, operating our gift shop, and other tasks. For info, check <http://buffalocentralterminal.org/you-can-help/volunteer-with-the-ctrc/>.

**Buffalo & Erie County Botanical Gardens-** Docents needed. Training is provided. Tours and hands-on lessons are scheduled in advance, so you may sign up for those that fit your schedule. Other opportunities to help are available too. For info, contact [khammer@buffalogardens.com](mailto:khammer@buffalogardens.com)

**Buffalo Junior Solar Sprint-** If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the Leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com).

**Buffalo Museum of Science** has volunteer and internship opportunities available for teens, college students and adults. For information, contact Monika McFoy, Director of Community Programs, at 896-5200, ext. 343.

**Buffalo Niagara Riverkeeper-** <http://bnriverkeeper.org/get-involved/volunteer/> for opportunities.

**Buffalo ReUse** can use volunteers for many things. To help, contact them at [volunteer@buffaloreuse.org](mailto:volunteer@buffaloreuse.org).

**Clean Air Coalition of WNY-** Help with mailings, phone calls, canvassing and Photovoice (documenting environmental challenges). To help, contact at 852-3813 or [www.cacwny.org](http://www.cacwny.org).

**Excalibur**, a private, non-profit all volunteer, charitable organization seeks competent anglers and captains to help provide free boating and fishing opportunities on Lake Erie for disabled and disadvantaged persons using the organizations new vessel. Contact Director Jim Catalano at [jim@excaliburl.org](mailto:jim@excaliburl.org) or visit <http://excaliburl.org>

**Garden Walk Buffalo** helps to rejuvenate neighborhoods, helps make our neighborhoods more walkable, and has an incredible impact on Buffalo's image outside the region. For info, email [GardenWalkBuffalo@yahoo.com](mailto:GardenWalkBuffalo@yahoo.com).

**Go Bike Buffalo-** If you're interested or want more information, [info@gobikebuffalo.org](mailto:info@gobikebuffalo.org)

**Habitat for Humanity** needs volunteers to help impact lives of families in the city of Buffalo by building simple, decent homes. Call 204-0740 or [volunteer@habitatbuffalo.org](mailto:volunteer@habitatbuffalo.org).

**Hawk Creek Wildlife Center** is seeking volunteers for who would like to work with wildlife. 16 years or older. Call 716-652-8646. Email [info@hawkcreek.org](mailto:info@hawkcreek.org).

**HOME, Inc.** (Housing Opportunities Made Equal) seeks volunteers to work on various committees to further fair housing. For info/application, email [muj265@homeny.org](mailto:muj265@homeny.org) or visit their website at [www.homeny.org](http://www.homeny.org).

**Iroquois Observations** offers free nature programs in partnership with the Buffalo Audubon Society each spring and fall. Please contact Garner Light at 772-5110 or [glight@rochester.rr.com](mailto:glight@rochester.rr.com) for more information.

**Junior Solar Sprint Buffalo**- If you are interested in helping run the JSS Buffalo event or are interested in finding out more about the leadership committee, please contact [jssbuffalo@yahoo.com](mailto:jssbuffalo@yahoo.com)

**Lead Safe Erie County** needs volunteers to help paint houses and prevent lead poisoning. For those who are interested, there is also free training for Lead Safe Work Practices Certification. Service learning students, block clubs and others are welcome. Call Mary at 716-833-2929, ext. 117.

**Massachusetts Avenue Project** needs volunteers from the 1st week in April through October on Saturdays from 10-1 PM. <http://mass-ave.org/>

**Olmsted Parks**-Volunteers are needed for tree plantings, special park events, office work and mailings. Please call (716) 838-1249 x. 33 for more info on becoming an Olmsted parks volunteer.

**Penn Dixie Paleontological and Outdoor Education Center**- Volunteers of all ages and backgrounds are needed. Have a few hours a month to help introduce children and adults to the natural sciences? Call (716) 627-4560.

**Queen City Farms**- Contact Meghan at [meghmccallum@gmail.com](mailto:meghmccallum@gmail.com). Remember that families with children are always welcome with parental supervision.

**Preservation Buffalo Niagara**-Interns & volunteers welcome. [www.preservationbuffaloniagara.org](http://www.preservationbuffaloniagara.org).

**Reinstein Woods Nature Preserve** offers a variety of volunteer positions as well as internships for college students. For more info, call 683-5959 or visit <http://www.dec.ny.gov/education/1960.html>.

**Science Firsthand** needs adult mentors to work with children in learning about science. All materials are provided. Mentors and students meet one hour per week after school at a community center. For info, call 858-7548.

**Tift Nature Preserve** also needs volunteers for their programs, communications, fund-raising and other events. Call 662-1342 or email [tiffriends@yahoo.com](mailto:tiffriends@yahoo.com).
