## Tips for Making the Most of the Career & Internship Expo

**Prepare and practice a short introduction (elevator pitch).** Include your name, major, skills, and area(s) of interest.

**Use your time well.** Keep an eye on the time throughout the event, and be sure to allocate your time wisely.

**Ask questions.** This is your opportunity to get your questions answered. Prepare and bring any specific questions that you may have for employers.

**Next steps.** After finishing your conversation with a recruiter, ask for their business card and inquire about any next steps.

**Take notes.** Jot down notes about your conversations to remind yourself what was discussed. Be sure to note any information that may be helpful later.

**Follow up and complete any next steps.** Send a thank you note or email to each recruiter you met with, and complete any necessary next steps.

Each organization in attendance is recruiting for positions that may encompass a **variety of majors**. We encourage you to review the full list of employers attending and check out their open positions on [WildcatWorks \(Handshake\)](#) or on their organization's specific website.

**Note:** If there is an employer that you were not able to connect with at the Expo that you wish to connect with, please reach out to the Career Services team and they will connect you with the appropriate recruiter(s). Thank you!
