

TOP 5 WAYS TO USE

DAEMEN UNIVERSITY

WildcatWorks

Job & Internship Platform

powered by **handshake**

1

UPDATE YOUR PROFILE & IDENTIFY YOUR INTERESTS

The more complete your profile and career interests are, the more WildcatWorks can personalize your user experience to recommend jobs and events that are a good fit for you.

2

MAKE YOUR PROFILE PUBLIC TO EMPLOYERS & STUDENTS

Expand your network by making your profile public in the "Privacy" section of your profile settings. Check the box to make your profile visible to employers so you don't miss out on any opportunities!

3

GET RESUME FEEDBACK AND UPLOAD YOUR RESUME

Uploading your resume is a great way to enhance your profile! Make an appointment with your career advisor to review your resume, then upload your resume to WildcatWorks!

4

SAVE YOUR FAVORITE COMPANIES & JOBS

Use the "Favorite" option to track specific jobs and employers. You can choose to get notified when an application deadline approaches, an employer edits or posts a job, or an employer is coming to campus.

5

READ AND WRITE CAREER-RELATED ADVICE

No matter what stage of the job search process you're in, you can post or answer a question on the WildcatWorks home feed. The home feed provides a centralized hub for building your career community.

What are you waiting for? You already have an account!
