## V4 26-27 Verification of Identity

Your 2026–2027 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. Federal law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on your FAFSA. To verify that you provided correct information the financial aid administrator at your school will compare your FAFSA with the information on this worksheet and with any other required documents. If there are differences, your FAFSA information may need to be corrected.

The following information must be completed **IN PERSON** at the Daemen University Financial Aid Office. Students physically attending classes at the main campus of Daemen University must complete this process within the first five class days of the next available term. Failure to appear in person will cause the cancellation of all federal student aid. **If you are unable to appear in person please refer to the directions below.**

### Verification of Identity

The student has appeared in person and has provided a valid, NON-expired, government-issued photo identification (ID) to a Daemen University Financial Aid Professional. Daemen University will maintain valid copy of the photo ID annotated with the date it was received and the name of the official at the institution authorized to collect it.

WARNING: If you purposely give false or misleading information on this worksheet, you may be fined, be sentenced to jail, or both.
