

Financial Aid Office

I, _____, acknowledge that I have received a Total and Permanent Disability (TPD) discharge for my federal education loans. I understand that any additional federal Stafford loans cannot be discharged in the future based on a disabling condition present at the time the new loan is made, unless my condition substantially deteriorates so that I am again totally and permanently disabled.

I also acknowledge that I must obtain a certification form a physician that I am once again able to engage in substantial gainful activity prior to being awarded any future Federal Direct loans. This certification must be presented to the Financial Aid office in addition to this signed statement.
