### Education at Daemen

- NEW: Adolescence Special Education 7-12- Bachelor of Science in Students with Disabilities (7-12) Generalist (SwDG) degree.
- Starting in your first year, structured field experiences in WNY classrooms will build your confidence through meaningful interactions with Pre-K-12 students.
- Small class sizes help to facilitate enhanced interaction with faculty members who are dedicated to teaching excellence and providing personal attention to each student.
- All teacher candidates learn to value service to others through completion of 60 volunteer hours of community service.
- Daemen has a combined pass rate on the annual New York State Teacher Certification Examinations consistently above 90%.
- Faculty are well-prepared to support teacher candidates taking the updated NYS Certification tests.
- Education programs are nationally accredited through the Teacher Education Accreditation Council (TEAC).

### Daemen Students Gain EXPERIENCE

- There is an extensive range of field experience offered in the Education program at Daemen.
- Candidates participate in diverse learning experiences through Daemen's partnerships with local public, private, and charter schools; educational agencies' and community centers.

## Quality Education Starts with Quality Faculty

Our experienced faculty in the education department have degrees from top graduate institutions including: the University of Missouri, University at Buffalo, George Washington University, University of Cincinnati, Florida State University, University of Maryland, Michigan State University, Syracuse University and Ohio State University.

Faculty are widely published in national and international peer-reviewed journals.

*did you  
know...*

Qualified Daemen graduates can stay for a fifth year and earn their M.S. in Special Education in three semesters (fall, spring and summer) with our 30 credit professional program and also may be eligible for a graduate assistantship and tuition assistance through The Thomas Reynolds Center for Special Education and After School Programs. For more information contact Lisa Waterrose at [lwatterro@daemen.edu](mailto:lwatterro@daemen.edu).

### Mission Statement:

The mission of the (DCTPP) at Daemen College is to ensure that our graduates participate in active discourse and practical opportunities, thereby enhancing personal and professional growth. These opportunities enable our graduates to possess the following: knowledge, understanding and skills in the liberal arts and sciences; content knowledge; pedagogical knowledge; understanding regarding equity, diversity and exceptionality; and professional skills necessary for reflective practice. We believe that we graduate community minded, life-long learners/teachers who, like all Daemen graduates, are prepared for life and leadership in an increasingly complex and interdependent world.

**Kara, Childhood Education/Special Education, Class of 2013**

**Currently employed at the Cantalician Center for Learning**

"I have had a great academic experience at Daemen. During my second year at Daemen, I was given the opportunity to complete many observation hours in classrooms around Buffalo where I created, wrote, and taught lesson plans to students.

Since my second year, I have been in several different schools and classrooms expanding my learning and having the chance to interact with many teachers and students.

Due to the opportunities and experience Daemen has given me, I feel more secure and prepared to have my own classroom and teach students of the future."
