Office of the President

December 21, 2015

Daemen College
Faculty and Staff

Dear Colleagues:

As you know, in 2014 *The Chronicle of Higher Education* named Daemen one of the “Great Colleges to Work For,” and *Buffalo Business First* named the College the number one “Best Place to Work” among all organizations of our size in Western New York. These honors are a special tribute to all of you, who are the reason why Daemen’s stature continues to rise and be recognized across the country. Having these distinctions has been important to the College not only in our recruiting but in our fundraising efforts.

The College has again been nominated in the *Buffalo Business First* competition for “Best Places to Work, 2016.” You may have already received the confidential employee survey from the independent company, Quantum, that is administering the survey and compiling the data regarding perspectives on Daemen and your workplace experience at the College.

Please take a moment to complete this confidential survey.

While none of us can predict the outcome of this new round of surveys, it is clear that the positive input from our faculty and staff has contributed dramatically to the College’s recognition as a College of national distinction. Along with Daemen’s outstanding academic programs, the people who teach our students and administer our programs are what truly make Daemen not only a great college but also a great place to work and collaborate with colleagues.

Thank you in advance for completing this important survey, and thank you for all that you do for Daemen College. Best wishes for a joyous Holiday season with your friends and family.

Cordially,

Gary A. Olson
President
