

Enviro-News

October, 2014

Sponsored by Daemen College's Center for Sustainable Communities and Civic Engagement and Global & Local Sustainability Program

Newsletter Contents:

- Articles- including events, courses, local news, grants, positions
- Upcoming Activities
- Tips to Help the Environment

Articles:

2014 Solar Tour of Homes and Green Buildings

The Western New York Sustainable Energy Association invites you to its 2014 Solar Tour on **Saturday, October 4** from 10am-4pm. Enjoy an opportunity to visit a number of our local green buildings and learn more about solar and other renewable energy options. A Kickoff event will be held from 10-11am at the Innovation Center at 640 Ellicott Street, Buffalo with raffles and giveaways. This is a free, self-guided tour with locations listed at www.wnysea.com.

Citizen Planning School: Idea Summit

One Region Forward and the UB School of Architecture and Planning will be hosting an Idea Summit on **Saturday, October 4** at 10am at the North Park Theater at 1428 Hertel Ave. This event will acknowledge the work of all of our Citizen Planners and Champions for Change, explore what it means to translate ideas into action, and provide opportunities for community members to network with local experts, the citizen planners, funders and other attendees to generate more ideas for action. The Idea Summit features: Keynote address from Megan McNally, founder of Rusted Grain Woodworker's Collaborative and Co-Founder of The Foundry, about how one person can have an idea, bring it into action and make a difference in the community, as well as videos and a panel of community leaders. For more information and to register to attend this free event, [please visit our website](#).

2014 WNY Natural Gas Vehicle Expo

Hosted by Try-It Distributing Co. Inc. (Try-It) of Lancaster, NY and American Natural Gas, LLC (ANG) of Saratoga Springs, NY, the WNY Natural Gas Vehicle (NGV) Expo will be held on **October 8** from 9am to 1pm at Try-It Distributing Co., 4155 Walden Ave., Lancaster, 14086. In 2013 Try-It committed to operating a cost effective, environmentally friendly fleet of distribution vehicles. 40+ CNG delivery trucks were purchased by Try-It and ANG's owned and operated station was built with Try-It as the anchor tenant. See first-hand the building upgrades, vehicles and fueling infrastructure commissioned to support this fleet. NGV industry related exhibits, tours, vehicle demonstrations and technical presentations will occur throughout the day. Please join us to meet industry experts and receive the latest news and updates on various products. [Register here](#)

World on your Plate

The World on Your Plate is a two-day food forum with speakers, workshops and a delicious organic lunch. The event will be held at Daemen College on **October 10 & 11**. On Friday from 7 to 9:30pm, there will be a session with keynote speaker Dr. Evan Weissman, "Building a Movement: Grounded Reflections on Emerging Food Justice Initiatives" and a panel on Buffalo food policy. On Oct. 11, events are planned from 8:30am to 5pm and include workshops, lunch and keynote speaker: Dr. Jan Poppendieck, "School Food as a Pathway to Sustainability". For registration info, visit www.worldonyourplate.org.

Buffalo Green Code: Please send your comments by October 6, 2014

Over the past few months, Mayor Brown has released public drafts for key components of the Buffalo Green Code, including the Unified Development Ordinance (UDO), Local Waterfront Revitalization Program (LWRP), and three Brownfield Opportunity Area (BOA) studies (Buffalo River Corridor, Buffalo Harbor, and Tonawanda Street Corridor). Comments from many public meetings will be included in revisions. If you have written comments that have not been delivered, please send them by **October 6, 2014**, to be considered for the updated Draft Green Code that will be submitted to the Common Council. You can review the draft Buffalo Green Code at www.buffalogreencode.com. Submit your comments to info@buffalogreencode.com.

"Climate Change and the Future of Food"

"Climate Change and the Future of Food" is the title of a presentation to be given on **October 10** at University at Buffalo, South Campus by Dr. David Walter Wolfe, a prominent climate scientist from Cornell University. Dr. Wolfe, is a Professor of Plant and Soil Ecology in the Department of Horticulture at Cornell University. He has worked and published extensively in the area of agriculture and climate change. Dr. Wolfe's presentation will be followed by a Q&A session, and a casual reception soon after. The presentation will take place in 114 Wende Hall, South Campus from 2:00-3:30 pm and it is open to the public.

Green Business Impact Party

Come and join Buffalo GreenWorks/Buffalo First on **October 23rd** from 7-10pm for a party featuring food from local caterers, local brews, live music, work from local artists and so much more. The event will be held at Hallwalls Contemporary Art Center, 341 Delaware Avenue . Cost: \$15 early bird, \$20 at the door. This first ever IMPACT Party, is a special event that will celebrate the green business community and the impact we're having on the local economy and the environment. We will be featuring food from local caterers, local brews, live music, work from local artists and so much more. Tickets [here](#).

Nature's Gathering: An Evening of Art, Wine and Cheese

Join the Friends of Reinstein Woods on **November 1** from 5:00 to 8:00 PM for a fundraiser with fine regional wines, cheese and hors d'oeuvres. The event will be held at Knights of Columbus Hall, 2735 Union Road, Cheektowaga, NY. Tickets are \$17 presale; \$20 at the door. For more info visit www.reinsteinwoods.org or call 716-683-5959.

New York Battery Energy Storage Technology Symposium

The New York Battery Energy Storage Technology Symposium (NY-BEST) will be held **November 5, 2014** at the Adam's Mark Hotel and Conference Center, Buffalo. Batteries, fuel cells and energy storage technologies are continuing to experience new and exciting breakthroughs in chemistries, longevity and in a growing number of applications. This one-day conference will focus on the current developments in battery and energy storage technology taking place at premier research and academic institutions as well as within leading companies. The goal of the conference is to bring together leaders from industry, government and academia to discuss and share their findings in this rapidly evolving field. Poster submissions are being accepted until October 28 with prizes for students. For info and registration, visit [REGISTRATION](#).

Penn Dixie Fundraiser

The Hamburg Natural History Society/Penn Dixie 19th Annual Fundraiser will be on **Thursday, November 6, 2014**, 6 PM to 9 PM at the La Galleria Restaurant, 3923 Southwestern Blvd., Orchard Park, NY. This fundraiser is to help support the educational programs, events, and operations of the Penn Dixie Paleontological and Outdoor Education Center in Hamburg. Silent auction begins at 7 PM sharp. Pre-sale tickets are \$25 per person and \$30 at the door. Admission includes hors d'oeuvres, a cash bar, and a door prize ticket. If you would like to donate a gift to be auctioned, and/or a door prize, or purchase pre-sale tickets, please call Penn Dixie at (716) 627-4560.

Northeast Sustainable Agriculture Working Group Conference: It Takes a Region

Our 2014 It Takes a Region conference will be held **November 11-12** at the Saratoga Hilton in Saratoga Springs, NY. Pre-conference sessions begin November 10. This year's theme: Region-Sizing: Making it Work! What does it take to make our food system strong, resilient and region-sized? What does real collaboration and cooperation look like? How can we be more effective? We'll be exploring the various channels, mechanisms, structures and infrastructures for making region-sizing work at NESAWG's 2014 It Takes a Region Conference. Jim Hightower will be a guest speaker. [registration](#)

Clean Power Plan: Comments Invited

Comment on the Clean Power Plan. In June, regulations were proposed to cut carbon pollution from existing power plants. Your comments on the plan must be received by **October 16**; be sure to cite Docket Number EPA-HQ-OAR-2013-0602. General information about the plan: [info](#). How to submit comments: [here](#).

Plentiful Partnership of Niagara- Gleaning Volunteers Needed

Plentiful Partnership of Niagara (PPN) is a collaborative effort among Cornell Cooperative Extension of Niagara County (CCE), the Food Bank of WNY, Niagara Community Action Program, Inc. (NICAP), Niagara County farmers, and area institutions. PPN aims to reduce food insecurity, alleviate hunger, keep Niagara County produce local, and connect local farmers to area distribution systems. PPN seeks volunteers for upcoming field and market gleans. Creating Healthy Places to Live, Work, and Play (CHP), a New York State Department of Health grant and CCE program, formed the foundation for PPN with an emphasis on access to healthy food. Each year, produce is left in the fields to waste or is discarded prematurely, either due to cosmetic imperfections or the absence of an alternative outlet. In Niagara County 99,935 pounds of produce, on average, go to waste each season (based on reporting from eight farms across the county). CHP is working to increase the local harvest and reduce waste, by working with area farmers and distributors, to better connect produce with those who need it. The food insecurity rate is 17.2% in Niagara County. PPN provides an opportunity to increase community consumption of local fruits and vegetables and reduce food insecurity. Over 150 totes (or 7,500 pounds) of produce have been collected since the onset of PPN, in April of 2014, and distributed to over 47,892 Niagara County residents. Please contact Margaret M. Lapp, Cornell Cooperative Extension, for more information at: 716-433-8839 extension 232 or at MML37@cornell.edu. Volunteer Forms can be found [here](#).

Text the word BIRD to the number 877-877

Spring has arrived in Buffalo and so have visitors from the south – migratory birds like hummingbirds, warblers, and other songbirds. Many of these migrants travel through Buffalo on their way from the Caribbean, Central and South America on their way to breeding grounds in the Arctic. Unfortunately, every year, thousands of warblers and other birds are killed as they migrate through our city. Artificial lights attract and confuse birds, leading to collisions with glass – killing hundreds of millions of birds each year in the U.S. You can help! Be part of the solution by identifying birds that are dead or injured due to collisions with buildings. If you see a dead or injured bird just text the word **BIRD** to the number **877-877** and answer the prompts. The information you provide will help us work with building owners to help prevent bird collisions with glass. For more information visit grow716.org, www.buffaloudubon.org or e-mail info@buffaloudubon.org.

Plot the Lot

Grassroots Gardens (GGB) is excited to announce their new "Plot the Lot" Program. With the help of the University Heights Tool Library, GGB is spearheading a community lead process of cataloging these vacant spaces. The goal is to increase awareness of the burden of vacant lots on neighborhoods, as well as engage citizens in neighborhood change. We are looking for any and all vacant lots throughout Buffalo. While mapping these lots, citizens will be asked to input information on their surroundings. This will be helpful in determining the best fit usage of the space, and the social capital available to maintain it. We are currently in a pilot phase of this program. All that is required is a smart phone with a charged battery. If you would like to volunteer, please email derek@grassrootsgardens.org!

Plastic Bag Alert

How many times have you seen a plastic bag stuck in a tree, swirling through the street, or floating downstream? Disposable plastic bags are used for an average of 12 minutes, but the [damage they cause](#) can last centuries. Help generate more awareness around the issue of plastic bag pollution in Western New York. In collaboration, data will be used in creating a map and photo gallery of plastic bag pollution in WNY. To make this campaign a success, we need your help! To participate, text the word BAG to 877-877 to start a conversation about where you see a bag and if you are able to pick it up. You can also [upload a photo](#). Not a texter? Not a problem. [Report plastic bag pollution through this form](#).

Trees Save Lives and Clean Air

U.S. Forest Service scientists and collaborators calculated that trees are saving more than 850 human lives a year and preventing 670,000 incidences of acute respiratory symptoms. While trees' pollution removal equated to an average air quality improvement of less than 1 percent, the impacts of that improvement are substantial. Researchers valued the human health effects of the reduced air pollution at nearly \$7 billion every year in a study published recently in the journal Environmental Pollution. "Tree and Forest Effects on Air Quality and Human Health in the United States," is available online at: <http://www.nrs.fs.fed.us/pubs/46102>."

Western New York Guide to Native Plants for your Garden

Native Plants need less water and provide a multitude of benefits to the environment, as outlined in Buffalo Niagara RIVERKEEPER's newest publication Western New York Guide to Native Plants for your Garden. As you plan your fall plantings, choose natives and use this resource as a guide. The Western New York Guide to Native Plants for your Garden is available in hard copy at various locations around Erie and Niagara Counties. For a full list of locations the guide is available at, or to download a digital version, visit Buffalo Niagara RIVERKEEPER's website (www.bnriverkeeper.org).

Monarch Butterfly Reproduction Favorable

According to Wild Ones, the Monarch Larva Monitoring Project (www.mlmp.org) data shows that monarchs are reproducing well so we should see a modest increase in the overwintering population this year. Monarch adult numbers were low this year and habitat destruction has been a problem in their overwintering locations in Mexico. To find out when migrating monarchs will be moving through your area, enter your latitude [here](#).

Hydrofracking Health Risks

Concerned health professionals of WNY have compiled a report of issues related to hydrofracking which is available at <http://concernedhealthny.org/wp-content/uploads/2014/07/CHPNY-Fracking-Compendium.pdf>. The recently released report summarizes scientific and medical research on the risks associated with horizontal hydraulic fracturing for natural gas.

New funding to Accelerate Buffalo River Restoration

Nearly \$4.7 million is being provided to restore degraded shoreline and create natural habitat at seven sites along the river in the City of Buffalo. Shoreline restoration work by the Buffalo Niagara Riverkeeper complements water quality improvements managed by the New York State Department of Environmental Conservation (DEC) and is integrated with significant new economic development projects taking place along the river supported by Governor Cuomo's Buffalo Billion economic development program and other public and private investments.

The funding comes from the National Oceanic and Atmospheric Administration (NOAA) under the Great Lakes Restoration Initiative, a federal program that is cleaning up heavily polluted "Areas of Concern" and addressing other problems in the lakes. When fully implemented, the projects will restore nearly two miles of shoreline and more than 20 acres of habitat at seven sites on the lower Buffalo River.

WNY Coalition for Donated Goods

The WNY Coalition for Donated Goods (WNYCDG) is a consortium of local non-profit organizations including Salvation Army, Amvets, Goodwill, Hearts for the Homeless and the City Mission. The mission of WNYCDG is to educate the community on the environmental and economic benefits of recycling and donating goods and to provide easy access to donation opportunities. WNYCDG is supported and sponsored by the City of Buffalo and the County of Erie and partially funded by the State of New York. Coalition members are also uniting to differentiate themselves from the other collectors whose collected goods do not benefit the local community. By donating to a WNYCDG member, donors are assured that they are providing valuable life changing services to people right here in Western New York. For a searchable list of dropoff sites by zip code, visit [here](#) (scroll to bottom).

University at Buffalo's 2015 Stream Restoration Summer Workshops

The University at Buffalo (UB) will be offering two summer workshops on topics related to stream restoration. Workshops are scheduled for the first week of **June 2015** at the UB's North Campus in Buffalo, NY. The first workshop is Fundamentals of Stream Channel Design (June 1-2) and the second workshop is Watershed Management Planning, Assessment, & Monitoring (June 3-5). Participants may take either or both workshops. The workshops are geared toward graduate students and environmental professionals. More information will be posted on our webpage: <http://www.erie.buffalo.edu/trainingSummerCoursemainpage.php> and registration will open in late 2014/early 2015.

Control Options for Emerald Ash Borer

The North Central IPM Center has just released the 2nd Edition of their publication "Insecticide Options for Protecting Ash Trees From Emerald Ash Borer", written by Daniel A. Herms, Deborah G. McCullough, David R. Smitley, Clifford S. Sadoff and Whitney Cranshaw. It is available for viewing or download on the EAB Info website at: <http://www.emeraldashborer.info/index.cfm#sthash.shGWx3ek.dpbs>. This is THE guide to insecticide options for dealing with EAB, and provides excellent information and product effectiveness evaluations, based on the latest research.

Spray-on Solar Technology Advancing

A more efficient, affordable spray-on solar cell has been developed. The new technology uses a new material called perovskite. This calcium titanium oxide mineral can get as high as 19% efficiency, comparable to the 25% light-absorbing efficiency of the currently used silicon. Having spray technology could make solar production quicker and more affordable and would allow you to coat oddly-shaped objects or cars more easily. For more info, visit [Gizmodo](#), [Energy Environmental Science](#) and [Phys.org](#)

Bad Design Awards-Nominate for The Dead Prize

There are a plethora of wonderful examples of sustainable design, but most of us witness some atrocious designs maximizing resource use and minimizing efficiency. Cameron Sinclair has announced a "A Dead Prize" for a poor design. Nominations will be accepted until November 1. Check out some bad examples or submit your nomination at <http://www.deadprize.org/>.

Texting for the Environment

If you smell a foul odor, text STINK to 877877. For smoke, text SMOKE and for a truck idling, text TRUCK to the same number. Clean Air Coalition will the results to people in power to help reduce our hazardous air pollutants.

Permaculture Videos-See it in Action

An online video series allows you to see permaculture sites and gain a better understanding of what is involved. Check it out at <http://www.openpermaculture.com/experience-permaculture-site-visits>.

Hydrofracking Education

If you want detailed information on hydrofracking, a series of eight hour long videos are available at <http://www.psehealthyenergy.org/COURSES>.

FarmsReach Plans Online Sustainable Seed Marketplace

FarmsReach, a Berkeley-based social enterprise for farmers and ranchers, has announced a pilot e-commerce platform for non-GMO, sustainable seeds. Their Sustainable Seed Marketplace will be an e-marketplace for non-GMO seeds from a mix of seed distributors, enhanced with anecdotal seed-performance data from North American farmers. To find out more, visit <http://www.farmsreach.com/welcome/seeds/>.

Yearning to Write about Environmental Issues?

The Sierra Club is setting up a Climate and Clean Energy Writers Group to encourage a stronger voice for local advocates in the regional dialogue on climate change and renewables. The group meets monthly to hear a short presentation on a relevant topic, discuss energy related news, letters and articles, and encourage each other to write for publication on topics of interest. We are seeking writers of all ages and are very interested in getting the word out via various media, including print and the internet. If you would like to write, critique writing, or track local news items, please join us by contacting bill.nowakcwa@gmail.com.

Pacific Institute for Climate Solutions Offers Online Climate Courses

Climate Insights 101 is a short course series designed to provide users with an in-depth understanding of climate science and related issues. Climate Insights 101 is produced as a series of modules, each with several animated lessons. New courses in 2014 will focus on mitigation. To learn more, visit: [courses](#).

New Video: Birds and Climate Change

In case you missed it, check out [this video illustrating what global warming is doing to our beloved birds](#). Birds and less mobile organisms are affected by climate change. Educate yourself and find ways to spread the word.

Early Detection of Invasive Plants

A new USGS publication "Early Detection of Invasive Plants—Principles and Practices" has been published and is available on the web at <http://pubs.usgs.gov/sir/2012/5162/>.

Cool Harvest Resource for Climate Change & Diet

Cool Harvest is a food faith and climate program. Food is central to religious life – from rituals to sacraments to soup kitchens – and looking more carefully at our food choices can be a revealing exercise. CoolHarvest.org has tips and resources to walk you through this, so you can make healthier and more sustainable food choices for your congregation and community. You will also find climate table blessings, tips for hosting a "Cool Potluck" in your community, a guide for building your own raised beds, and much more. Visit <http://www.coolharvest.org/> for tips.

“Inspecting Solar Heating Systems in New York State” course

An online course “Inspecting Solar Heating Systems in New York State” is a three week online course (two weeks of instruction, one week for students to review any content) geared towards code officials in New York and is approved by the Department of State, Division of Building Standards and Codes for six (6) CEU's. SHOL202 is also open to solar installers, architects, engineers and other professionals in New York State who will benefit from the knowledge of solar heating systems code. Cost is \$50. Multiple dates are available. For info and registration, visit [here](#).

National Geographic Education Online Courses

National Geographic Education brings two free online courses for educators looking for content and resources on watersheds and water. Sign up to learn about environmental topics and explore strategies to implement environmental education in your classroom, as well as develop action plans for your teaching. These courses can be applied toward your professional development requirements. Both courses address water issues. For more info, visit <http://www.education.nationalgeographic.com/education/online-courses>.

Teacher's Resources

[The Bag It Plastic Free School Project](#)-The Johnson Ohana Charitable Foundation and Patagonia have each given a generous grant that allow distribution of a total of 300 licensed Bag It education DVDs and curriculum packets free of charge to schools and community groups working on plastic reduction initiatives. Fill out this [form](#) to receive a FREE copy + curriculum materials for your school this coming fall.

[Habitat the Game: Enviro App](#)-The Wildlife Conservation Society and Rainforest Alliance have created this app for kids to save virtual endangered species and reduce their carbon footprint while on real-life missions. Designed for seven to 12 year-old players, Habitat encourages care of virtual endangered animals while they earn points by completing real-life missions, like recycling or visiting a park or zoo.

[Brazil Habitats and Mask Making \(5-7 years\)](#): Children can learn about the different habitats of Brazil and some of the animals that live there before making their own masks. There are six different species to choose from including the jaguar, capybara and dyeing poison frog.

[Brazil and the Amazon - Wildlife Film Script Activity \(7-11 years\)](#): Children will be introduced to the topics of Brazil and the Amazon before using fact sheets to research and write a script for their own wildlife film about an endangered species from the Amazon.

[From Pristine to Earth](#) is an environmental novel for middle school students and young adults interested in an adventure-filled story with a twist. Marlo, the protagonist, is sent from Pristine on two school assignments to observe the environment on Earth. Joined with two other students, Marlo sets out on a quest to bring about positive change for a problem that has become widespread in the country of Urban.

[Technology in Environmental Education Course](#)-This eight-week (self-paced) online course is designed to get you up and running with technologies you can use immediately in your organization and environmental programs. Choose the technologies you want to learn. You can focus on mobile and non-mobile tools to enhance your education programs, or focus on social media apps for marketing your programs. Or you can focus on both! The course is free, funded by EPA.

[New Enviro App: Habitat the Game](#)-The Wildlife Conservation Society and Rainforest Alliance have created this new app for kids to save virtual endangered species and reduce their carbon footprint while on real-life missions. Designed for seven to 12 year-old players, Habitat encourages care of virtual endangered animals while they earn points by completing real-life missions, like recycling or visiting a park or zoo.

[Free ArcGIS for K-12](#) -Esri is providing free ArcGIS Online subscriptions for instructional use for all K-12 schools in the United States as part of the White House's ConnectED initiative. Resources to help schools get started with ArcGIS Online are available [here](#).

[Teaching Climate Change Using the National Climate Assessment Report](#)- Corn producers in Iowa, oyster growers in Washington state, and maple syrup producers in Vermont are all observing climate-related changes that are outside of recent experience. To see the health, life-support, and economic impacts in different parts of the US, go to <http://www.globalchange.gov/explore>. Decisions we need to be making to do something about this in our own communities and states are highlighted [here](#)

[Green Technology: Sustaining the Earth](#) is designed for Grades 6-12 . Use this interactive activity to offer your students an overview of innovation in green technology and insight into various areas of research.

[PlanetExplore](#)-Find outdoor activities and events in your area through this portal to the outdoors designed to inspire and enable people of all ages to become regularly active outside, and to develop the benefits gained through a connection to nature. PlanetExplore members receive updates on their interests, explore local parks and outdoor spaces using Urban Nature Guides, and have access to partner and visionaries blogs, videos, and podcasts.

Bring Waste Reduction to your Classroom!-The Erie County Department of Environment and Planning offers in-class or assembly presentations all about the benefits of reuse, reduction and recycling. The presentation increases student awareness of the importance of taking care of our environment while empowering each student to make a difference by their individual actions. Presentations can be adapted to grade level and curriculum needs. To schedule a presentation or to find out more contact Gary Carrel, Erie County Recycling Coordinator at 716-858-4805 or gary.carrel@erie.gov.

The [CLEAN](#) (Climate Literacy and Energy Awareness Network) collection is a searchable database for teachers to find online activities, videos, and graphics on climate and energy education. Teachers may sign up for the newsletter with updates on educational policies, discussions with experts, events, and weekly telecons.

["Appetite for Adventure: Exploring Global Food Sustainability"](#)-Green Living Project is proud to announce our new school assembly program. This standards aligned, multimedia presentation will showcase cutting-edge sustainable food projects from around the world, introducing students to the local and global connections between food production, consumption, and climate change. Through GLP's films and positive storytelling, students will experience the journey of visiting international cultures and witness the efforts towards more sustainable food systems around the world. Finally, students and teachers will have the opportunity to work with their local GLP Ambassador to get involved with sustainability projects on your campus and in your community.

[Advancing Climate Change Environmental Education Resources](#)- The Climate Change Environmental Education POLCA (Project-based Online Learning Community Alliance) has released materials produced by nine working groups.

[Architecture 2030](#) is appropriate for Grades 9-12. Learn about this architect's efforts to protect the environment by changing the way buildings are planned, designed, and constructed.

[Affordable Green Housing](#) is designed for Grades 9-12 to consider the role habitat plays in fostering diverse, vibrant social structures in well-designed, integrated communities.

Contests and Awards

[Keep America Beautiful Recycle Bowl Competition](#)- Registration Deadline: **October 15, 2014** .

[Earth Science Week Contest](#)- Photograph "Connections in my Community" anyone, \$300; Visual Arts Earth's Connected Systems and Me", K-5, \$300; Essay "Earth System Science in Today's World", 6-9 grade, \$300. Submissions include permission to post on the American Geological Society. Deadline: **October 17**.

[Samsung's Solve for Tomorrow Contest](#) -Are you and your students innovative? Do you think you can use STEM (Science, Technology, Engineering, Math) to help solve an environmental challenge in your local community? Deadline: **October 31**.

[Get to Know your Wild Neighbors Contest](#)- U.S. residents 19 and under. Get outside and create original works of art, writing, photography, videography and music inspired by nature. Deadline: **November 1, 2014**.

[Prudential Spirit of Community Awards](#)-Students in grades 5-12 in the U.S. who have volunteered in the past 12 months are invited to apply for a Prudential Spirit of Community Award. Deadline: **November 4**.

[Great American Can Round-Up](#)- Contest period runs from November 15, 2014 to April 22, 2015 (America Recycles Day to Earth Day). For K-12 public and private schools. The top aluminum can per capita recycling school in the state wins \$1,000 and the opportunity to earn an additional \$5,000 as the Great American Can Roundup National Champion. The prize money is in addition to the value of the aluminum cans earned.

[NYLC Service-Learning Practitioner Leadership Award](#) recognizes those who have equipped young people to lead and serve, both through their direct work with youth and by nurturing other practitioners. Deadline: **November 7**.

[EPA's Campus Rainworks Challenge](#)-Registration opens September 2. College student teams, working with a faculty advisor, will submit design boards, a project narrative, and a letter of support describing a proposed green infrastructure project for their college campus. Registrants must submit their entries by **December 19, 2014**.

[President's Environmental Youth Award](#)- Working on an environmental project in your school or community? Apply for the President's Environmental Youth Award. Deadline: **December 31**.

Grant and Scholarship Opportunities

[EPA Empowering Communities to Avoid Air Pollution](#) is seeking applications proposing research on empowering communities and individuals to take action to avoid air pollution exposure, using low-cost portable air pollution sensors. Specifically of interest is research on using low-cost portable sensors to understand and avoid air pollution exposure, on the ways communities and individuals interact with air pollution sensors and their data, on methods for understanding and managing the quality of data from air pollution sensors, and on how sensors and sensor networks compare to existing state-of-the-art air quality monitoring methods. Deadline: **October 7th**.

[State Farm Celebrate My Drive Grants](#) encourages teens to make positive choices as they begin driving, like 2N2 - 2 eyes on the road, 2 hands on the wheel. The 100 high schools with the most commitments will be awarded a total of \$3.25 million* in grants: 2 schools receive a \$100,000 grant and a Grand Prize Concert by a chart-topping musical artist 8 schools get a \$100,000 grant 90 schools get a \$25,000 grant. Deadline: **October 7**.

[Community Grants Program](#)- Interested in helping your community with a sustainability/pollution prevention project? The New York State Pollution Prevention Institute Community Grants Program is now accepting applications! Applications are due **Friday, October 10, 2014**.

[WNY Nurseryman's Association Foundation Scholarship applications](#) are now being accepted for the spring 2015 semester. Deadline: **Oct. 14**. The [scholarships](#) are for full-time students enrolled in degree program and permanently residing within the boundaries of the Western New York State Nursery & Landscape Association, Inc. (Cattaraugus, Chautauqua, Erie, Niagara, Orleans and Wyoming Counties) or high school students who will be furthering their education in horticulture.

[Target Field Trip Grants for K-12](#) -Scholarship America will evaluate applications and award grants based on the following criteria: Applicant's description of the field trip and its objectives, Benefits to the students, including overall student learning experience, relevance to curriculum and number of students who may benefit from the grant, Proposed use of funds. Deadline: **October 1**.

[Ben & Jerry's Foundation Grassroots Organizing for Social Change Program](#) supports non-profit grassroots, constituent-led organizations across the country that are using direct action, grassroots community-organizing strategies to accomplish their goals. Proposals should align with the Foundation's broad interests in social justice, environmental justice and sustainable food systems. They fund organizations with budgets of \$500,000 or less. Grant awards are up to \$20,000 for a one-year period. Deadline: **October 15**

[Lowe's Toolbox for Education Grants](#) -Increase parent involvement? Build stronger community spirit? Create a new school tradition? The ideas are endless. Whatever goals and dreams you have for your school, Lowe's Toolbox for Education Grant Program can help fulfill them with grants of \$2,000 to \$5,000. K-12 public schools as well as school parent-teacher groups are eligible. Preference is given to funding requests that have a permanent impact such as facility enhancement (both indoor and outdoor) and landscaping or clean up projects. Deadline: **October 15**.

[Wild Ones Seeds for Education](#)-\$100 to \$500 for establishing and maintaining native plant community, interpretive trail or wetland area. Deadline: **October 15, 2014**.

[Fitch Mid-Career Fellow and The Samuel H. Kress Mid-Career Fellow](#)- The James Marston Fitch Charitable Foundation is seeking applicants for grants of up to \$15,000 in these two categories related to historic preservation practice and theory. Deadline: **October 15, 2014**.

[NEA Student Achievement Grants](#) and Learning and Leadership Grants. Applications reviewed **February 1, June 1, October 15**. Public school K-12 or College/University teachers or support staff. \$2,000 for individuals or \$5,000 for groups to improve the academic achievement of students in U.S. public schools and public higher education institutions in any subject area or for professional development for educators.

[ExxonMobil Teachers Academy](#)-3rd, 4th and 5th -grade teachers can apply to attend a week-long, all-expense-paid professional development program that equips them with new ways to inspire their students in math and science. Join the more than 4,000 teachers nationwide who have attended since 2005. You can nominate a teacher at www.sendmyteacher.com. Deadline: **October 31**.

[The Conservation Alliance](#) support grassroots citizen-action groups and their efforts to protect wild and natural areas in North America where outdoor enthusiasts recreate. Funded programs should seek to secure permanent protection of a specific threatened wild place or waterway for its habitat and recreational values. The Alliance is not looking for mainstream education, restoration, or scientific research projects, but rather for active campaigns. Grants of up to \$50,000 are provided. Before applying for funding, an organization must be nominated by one of the Alliance's [member companies](#). The upcoming nomination deadline is **November 1, 2014**.

[American Honda Foundation](#) supports nonprofit organizations and educational institutions nationwide that address the areas of youth and scientific education. The Foundation's primary funding priority is youth education, specifically in the areas of science, technology, engineering, mathematics, the environment, job training, and literacy. Annual application deadlines: **November 1, February 1, May 1, August 1**.

[NYLC Youth Leadership for Service-Learning Excellence Award](#)-The Youth Leadership for Service-Learning Excellence Award recognizes service-learning programs and projects that demonstrate outstanding youth leadership. Deadline: **November 7**.

[NSF Advancing Informal STEM Learning](#) program seeks to advance new approaches to and evidence-based understanding of the design and development of STEM learning in informal environments. Deadline: **November 14, 2014**.

[New York Farm Viability Institute Grants Programs](#) -Applications to the Agriculture Innovation Center grant program should focus on agricultural economic development, including business development, financial analysis, product marketing, and value-added agricultural products. Applications to the Outreach and Applied Research grant program should focus on applied agricultural research, as well as outreach and education to promote new ideas and techniques. Due: **November 16**.

[Department of Commerce Funds for Coastal Waters Resiliency Research](#)-The Ecological Effects of Sea Level Rise Program is soliciting proposals to improve the management of regional and local ecosystems through research on key technologies, natural and nature-based infrastructure, physical and biological processes, and model evaluation. The application deadline is **November 18, 2014**.

[2015 Northeastern IPM Partnership Grants Program](#)- Up to \$400,000 is available, with a maximum of \$50,000 per award. Projects should foster the development and adoption of integrated pest management (IPM) methods under three types of grants: IPM Working Groups, IPM Issues, and Regional IPM Communications. Areas of focus for this year include: Wicked Biological Problems, Synergizing IPM and Organic, Rural and Urban IPM, Climate Change and Pests, and Advanced Production Systems. Deadline: **November 20**.

[2015 Youth Garden Grant](#)- 20 awards for organizations that plan to garden with at least 15 children between the ages of 3 and 18. Grant packages include a \$500 gift certificate to the Gardening with Kids online stores, curriculum, a generous donation of seeds and plant starts from Bonnie Plants. Deadline **December 5, 2014**.

[2015 Environmental Justice Small Grants \(EJSG\) Program](#) which provides support for projects that address local environmental or public health issues within an affected community. The EJSG Program is designed to help nonprofit organizations and Tribal communities understand and address exposure to multiple environmental harms and risks at the local level. Special emphasis will be placed on proposals supporting community-based climate resiliency efforts. The application deadline is **December 15, 2014**.

[Apprentice Ecologist Initiative](#)- \$500, \$250 and \$100 awards for 13 to 21 year olds for a project (clean up, tree planting, etc.) and essay and photo-essay describing project. Deadline: **December 31, 2014**.

[Scholarships for Amazon Rainforest Professional Development Workshop](#)- The 2015 Educator Academy in the Amazon Rainforest (July 1–11, 2015) allows environmental educators to use and learn innovative instructional tools while exploring one of the world's most important resources—the Amazon! Deadline: **March 1, 2015**.

[Cedar Tree Foundation](#)- Letters of Inquiry Accepted at Any Time. Areas: Environmental Education, Environmental Health, Sustainable Agriculture.

[Toshiba America Foundation](#). Rolling deadline. Grades 6-12 Teachers. Under \$5,000. Inquiry based projects designed by teachers and teacher teams for use in the classroom. Deadline for grants over \$5,000 is August 1.

[WalMart Community and Education Grants](#) . Rolling Deadline, but minimum 6 month lead time advised. 501 (c) (3) organizations, schools, religious organizations and government agencies for requests over \$250. For requests under \$250, get a local donation form from your nearest Walmart at the customer service desk, fill it out and hand it in. Wait time is one to two months.

[Environmental Research and Education Foundation](#). Open. All educational materials for sustainable solid waste management, including conferences or events, which advance the foundation's educational mission. At this time, educational projects are typically conducted with EREF being a primary stakeholder/partner and with the goal to develop a revenue model that, at least, covers expenses for the project. Grants are typically not provided to support the development of educational projects.

[VolunTEEN Nation International Service Project Grants](#)-Students (ages 13-22) from the United States going abroad to volunteer or study in a developing country are encouraged to apply for an international service-learning mini-grant from VolunTEEN Nation. Grants are for up to \$300 to create a service project in a developing country while you are visiting that country. Projects that foster good health, education, and economic self-sufficiency in developing countries are eligible. Rolling deadline.

[KaBOOM! Let's Play Engineered Wood Fiber Surfacing Grants and Let's Play Maintenance Grants](#)-Thanks to generous support from Dr Pepper Snapple Group, KaBOOM! will be awarding grants of \$750 each to communities who wish to top-off their Engineered Wood Fiber safety surfacing or who are working to make their existing playgrounds cleaner, safer and more inviting. Rolling deadlines.

[J-Serve Start-Up Grants](#)-J-Serve is the International Day of Jewish Youth Service. Through the generosity of the Charles and Lynn Schusterman Family Foundation, grants are available for \$500 micro grant to communities that plan and execute projects that bring a minimum of 10 and maximum of 74 Jewish teens together in partnership with a least two movements or agencies in the community. Micro-grants will be accepted on a rolling basis, and grants will continue to be awarded as long as funding remains available.

[World We Want Foundation](#) is accepting applications from organizations that represent youth making positive social change in their communities and around the world. Grants of up to \$5,000 will be awarded to youth between the ages of 13 and 25 who want to make a difference through a range of social action activities, including community service projects, service-learning projects, and social ventures. Application deadline: Rolling.

[The Coca-Cola Foundation](#) partners with nonprofits that address priorities focusing on one of the following: Water Stewardship, Healthy and Active Lifestyles, Community Recycling and Education. Online applications may be submitted throughout the year.

[Kresge Foundation's Healthy Environments grant program](#) seeks to improve the health and well-being of vulnerable populations by making the places they live, learn, work and play safe and conducive to overall good health. Applications are currently being accepted for the Healthy Homes Initiatives, Transportation and the Built Environment Initiative and the Healthy Food Initiative. Application deadline: Rolling.

[Niagara Falls National Heritage Area](#) supports important projects and programs throughout the National Heritage Area with the long term goal of realizing community betterment. Grants are targeted to fund projects or programs that directly relate to the goals, strategies, and priority projects identified in the Niagara Falls National Heritage Area Management Plan. Download the plan online at <http://www.nps.gov/nifa>.

[Cisco Global Impact Cash Grants](#) support nonprofit organizations in the U.S. and worldwide that provide assistance to underserved populations and leverage technology solutions to improve the reach, efficiency, and impact of services. Take the [Eligibility Quiz](#) to see if you can apply.

[Technical Assistance Grant Information](#)-The New York State Department of Environmental Conservation (DEC) is continuously accepting applications for Technical Assistance Grants (TAGs). TAGs are a citizen participation tool available to eligible community groups to increase public awareness and understanding of remedial activities taking place in their community. Eligible community groups may apply to receive grants for up to \$50,000 per site.

Employment and Internship Opportunities

[AmeriCorps Positions](#)-100 positions available. For questions about the program, please call (716) 418-8500.

[Opportunity Corps](#)-currently recruiting for full-time, year long positions to start in October of 2014! Please visit www.nationalservice.gov for available positions.

Citizen Science

[Hemlock Woolly Adelgid Project](#)-Take closeup pictures of hemlock trees and fraser firs and send to scientists with GPS location data to monitor tree health and spread of the insect.

[Woodpecker Damage Surveys](#)-Calling all birders: Report woodpecker damage due to Emerald Ash Questions? Contact: imapinvasives@nynhp.org who will provide training to post to the NYS Invasive Species Database. Take photos of the damage, bark, and crown of any ash trees with woodpecker damage.

Milkweed Pods Wanted!

Do you have milkweed in your fields? Do you want the pods gone before more seeds spread across your fields? We are collecting milkweed pods this fall and if you have milkweed, we would like to hear from you. Please contact Tara Young at [607-319-1198](tel:607-319-1198) for more information.

Get Involved in Environmental Change in WNY

The WNY Environmental Alliance (WNYEA) has working groups that welcome individuals who want to work on improving environmental issues in our area. Check out the 2014 agenda and see a list of working groups [here](#).

Ongoing Volunteer Opportunities Available

Volunteer opportunities are available at local organizations for a one-time commitment for several hours to a regularly scheduled donation of your time. Websites are listed later in the newsletter.

Aquarium of Niagara- Scuba-certified volunteers needed to clean the sea lion exhibit (without animals) once monthly. Other opportunities exist for education, exhibit maintenance and other tasks.

RESERVATIONS ARE A MUST IF YOU ARE RENTING CALL: 716-213-0350.

Community Organizing Meetings to Ban Fracking-6pm at Crane Library, 633 Elmwood Ave, Buffalo 14222. Fracking is a natural gas drilling technique that goes miles underground to break up shale rock using water, sand, and toxic chemicals. In Pennsylvania residents living in areas with fracking operations have reported flammable tap water, unexplained health problems, increased municipal costs, degradation of air quality, huge increases in truck traffic, and the list goes on. With fracking posed to happen in New York State if we don't stop it - now is the time to act! So what can you do locally to fight fracking? A lot! Join us for our next community meeting where we will be discussing ways to contribute to the campaign to ban fracking in New York State! The meeting is open to all.

Energy and Climate Change Working Group- 5:00 pm at Statler City, 107 Delaware Avenue, Buffalo. We will meet in the Lobby and proceed to another room. We will focus on steps to involve more of our member groups in the implementation of our four Action Agenda planks.

Friday, October 3

Audubon Alliance for Coastal Waterbirds at Jamestown Audubon Center & Sanctuary –RTPI Conservation & Outreach Coordinator Scott Kruitbosch will be the First Friday Lunch Bunch speaker at the [Jamestown Audubon Center & Sanctuary](#) at 11:00AM. Scott will talk about the [Audubon Alliance for Coastal Waterbirds](#) (AAfCW). The primary focus of this partnership is the continued protection of several at-risk bird species, including the federally threatened Piping Plover and the federally endangered Roseate Tern. Connecticut state-listed species such as American Oystercatcher, Common Tern and Least Tern are included in this initiative and additional data is collected on other waders and shorebirds.

Lockport Flight of Five Opening Celebration- 9am to 5pm. Join the crowd as Lockport unveils its newly restored Locks 69 and 70. <http://www.buffalobeerweek.com/events/locktoberfest-8/>

Happy Halloween!

Saturday, November 1

Day of the Dead Walk-10:30 AM. What connects Reinstein Woods to the Mexican holiday Dia de los Muertos? Discover which beautiful creatures visit both the Woods and Mexico. Registration required; call 716-683-5959. Reinstein Woods Nature Preserve.

The Rustic Campsite- 10:00am to 12:30pm at Chaffee Wildlife Preserve – Chaffee. Learn the techniques of creating beautiful earth lodges - a life-long skill that will enhance your primitive camping experience. Fee: Free of charge - sponsored by Waste Management of Chaffee. See our [website](#) for complete details and registration.

Nature's Gathering: An Evening of Art, Wine and Cheese-5:00 to 8:00 PM. Knights of Columbus Hall, 2735 Union Road, Cheektowaga, NY. Enjoy a taste of fine regional wines, cheese and hors d'oeuvres and help support Friends of Reinstein Woods. Western New York artisans will be showcasing their nature-themed artwork, which will be for sale. Tickets are \$17 presale; \$20 at the door. For more information visit www.reinsteinwoods.org or call 716-683-5959.

Walk at Knox Farm State Park – 9am. Enjoy a family-friendly nature walk led by Buffalo Audubon staff at Knox Farm State Park. (KF) Free. Please call 585-457-3228 to register.

Volunteer at Garden of Stewardship-9am to noon. We grow the vegetables for the menu at the Central City Cafe and Baby Cafe. Central City has been serving free meals to the public for over twenty years. The garden is located at 250 Clinton Ave, behind old Sheehan Hospital.

<https://www.facebook.com/GardenofStewardship>

Fall Gorge Loop Hike- 1 to 3pm at [Artpark State Park](#). Join us on a hike on our trails at the mouth of the gorge, which will include the new trail connection which was completed this summer. *Call (716) 282-5154 to register for program.*

Sunday, November 2

Sunday Family Walk- 2pm – 3pm at Beaver Meadow Audubon Center, Welch Road, North Java. Guided walk led by one of our naturalists through the Preserve. Donations welcome.

Fall Gorge Loop Hike-2 to 4pm at [Devil's Hole State Park](#). The trails in the gorge and along the rim present sparkling water, multicolored leaves, and panoramic views. Bring along a camera and capture this breathtaking scenery along the gorge. *Call (716) 282-5154 to register for program.*

Tips for the Environment:

1. **Catch what bugs you**- Have an issue with stinkbugs in your house. Make a trap with a pan, water, soap and a light; this non-toxic way to capture them is simple. Check out the video at <http://vimeo.com/92354801>
2. **Reuse and recycle your Tips for the Environment**-we are probably all using CFL bulbs, recycling regularly and engaging in lots of earth-friendly behaviors. So let's reuse and recycle-you can check the list of tips from the first Enviro-News in January 2006 (check for any missed at [econews](#)). If you have tips to share, please send them to me to include.

GROW WNY: Local Website for Everything Environmental

GrowWNY (<http://growwny.org>) is a new hyper-local source of information about living green in Western New York. To showcase your local events or advertise a future event, be sure to submit to their online calendar.
